

THE TOWER

A black and white photograph of a church sign in winter. The sign is dark with white text, mounted on a post. In the background, a light-colored building with multiple windows is visible, partially obscured by bare trees. The ground is covered in snow.

ST. MICHAEL'S
1515 BATHURST ST

A black and white photograph of a school building. The building is a two-story structure with a light-colored facade and several windows. Some windows have white frames, while others are dark. Bare tree branches are visible in the upper left and right corners. In the foreground, a dark rectangular sign is mounted on a post. The sign has white text that reads "COLLEGE SCHOOL" on the top line, "EET" on the bottom left, and "FOUNDED 1852" on the bottom right. Below the sign is a low stone wall. The ground in the foreground is covered in snow.

COLLEGE SCHOOL

ST. MICHAEL'S COLLEGE SCHOOL
CONDUCTED BY THE BASILIAN FATHERS

1515 Bathurst Street, Toronto, Canada.

WHO IS MY NEIGHBOUR?

The word *love* is used very loosely in today's world. Although we intertwine and even often confuse the broad range of its meanings, each meaning is quite distinct from the others. Christ's ministry touched upon one of these, summed up in His two commandments, "Love the Lord your God . . ." and "Love your neighbour as yourself . . .". This love, the greatest of them all, is the one He spoke of in the parable of the Good Samaritan. It was a revolutionary love which no other man, philosopher, or religious leader had thought of.

Although it is not wrong to ask questions regarding our faith to receive insight, the man, who proposed the question *Who is my neighbour?* to Christ, had evil intentions trying to corner and outsmart Him. Yet through this parable, not only did Christ come out victorious but He revealed truth to the world. The answer to the question *Who is my neighbour?* may seem easy and is something which we have heard repeatedly. Let us look at the parable situation though. A man, having been robbed and stripped of his clothing, beaten mercilessly by a group of thieves is left half-dead on a roadside. No doubt, he was a man in need of love. Two other men pass by, a priest and a Levite, yet neither stopped to give any assistance and passed on by pretending as though this incident, that this man's need, did not exist.

I'm sure though that if you stopped these two men later on and asked them to answer the question *Who is my neighbour?*, they would be able to give you a complete answer (especially the priest who knew the Jewish Law) much like you or I could today. Yet neither of these men stopped. They both passed on by. Knowing full well the answer and that the

beaten man was their neighbour, they did nothing. I'm sure we all know the answer too but what do we do with our answer? Do we also *pass on by?*

Our awareness is continually increasing regarding the needs of others, for example: the growing number of hungry and homeless in Toronto, the many who are sick and suffering in hospitals, and the elderly who often are left alone with no one to care for them.

the Samaritan is filled with compassion when he sees the man. He bandaged the man's wounds, lifted him up on his own animal, and brought him to an inn where he took care of him. Before he left the next day, he gave money to the innkeeper to pay for any medical attention the man would need, and promised to return in a few days to pay the innkeeper for anything more he may have spent. This is an example of complete sacrifice; both of time and of money, and it

Christ purposely uses a Samaritan as the hero of His story. Samaritans, at this time, were despised by the Jewish people and were considered lower class peoples because they had compromised their faith. In fact, it was even taboo for a Jew to be seen with a Samaritan. Unlike the others though,

was a Samaritan, not a Jewish priest or Levite that made it! The Samaritan did not know the man lying on the ground at all, he had no relation with him, yet he rose above this to sacrifice his wealth, ignored the fact that cultural differences existed between them, and put his own personal safety at risk.

He put into practice what the Jewish priest and Levite did not. His love for the man lying on the roadside was the highest form of love. His love was boundless. It was unconditional. His love reached out. It was a love consisting of action. It was a love that rose above all else. This is the love Christ preached about. It was *Christian* love.

At the end of the parable, Christ asks the final, yet key question "Which of the three acted more as a neighbour toward the man?" The answer is obviously the Samaritan. Christ then says to the man who had asked Him the question, "Go and do likewise." Christ was not merely sending His message towards that man in particular, nor towards the Jewish people, but to all of humanity. He was calling out to all people of all times. It was a call to love. This love was unique because for the first time it encompassed all of humanity.

His call is active today in communities such as that here at St. Michael's. Being more than just an educational institution, one does not have to go far to see the presence of the love of Christ. Each and every day through the work of teachers and students together one can clearly see the example of Christ. Whether one is participating in academics, athletics, or other activities, the spirit of our school, St. Michael's, is present. We can see directly the example of the Samaritan in the wide range of programs that are directed by the Chaplaincy such as Meals on Foot, Meals on Wheels, the Christmas and Easter Baskets, Out of the Cold, the Good Shepherd Refuge, International Aid to countries like Somalia, and the Pro-Life Club. St. Michael's, as a whole community, lives out Christ's ministry of loving your neighbour.

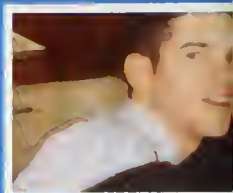

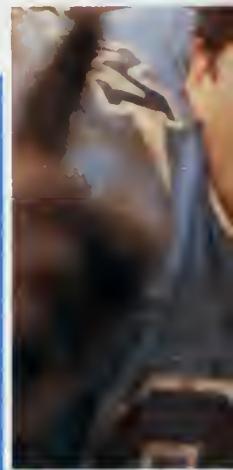

We have chosen the phrase "Who is my neighbour?" to be the

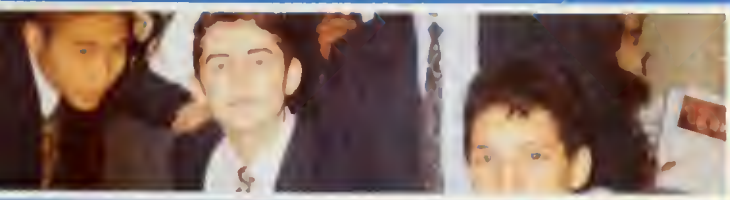

theme of the 1993 edition of the Tower yearbook. We have left it in a question format to allow for a personal answer. As we flip through the pages of this book, marked by the events and people of 1993, we can look back and re-evaluate, come to a fuller realization of our answer. What should distinguish us as Christians is our love, a Christ-like love, genuine, unconditional, and boundless. It is not enough to believe in our hearts and remain passive, like the priest and the Levite. Activity is characteristic of Christ's love and although the realization of it is the first step, it is not the last. "... for I was hungry and you gave Me food; I was thirsty and you gave Me drink; I was sick and you visited Me; I was in prison and you came to Me. Then the righteous will answer Him saying, 'Lord, when did we see You hungry and feed You, or thirsty and gave You drink? When did we see

You a stranger and take You in, or naked and clothe You? Or when did we see You sick, or in prison and come to You?' And the King will answer and say to them, 'Assuredly I say to you, in as much as you did it to one of the least of these brethren, you did it to Me.'" We have been given the opportunity, by participating in the St. Michael's community, to find the answer to the question *Who is my neighbour?* Everybody.

EDITOR-IN-CHIEF

AWA

"THE ROOTS of education are bitter, but the fruit is sweet." On the evening of Thursday October 1, 1992, the *fruits of education* of over 200 students at SMC were recognized. Although all students at SMC are the *cream of the crop* on an academic level in Toronto, and if not in all of Canada, special distinction was given to those who with dedication, perseverance, patience, and above all

with joy and interest, met the academic challenge and achieved 80% or better on their final average for the year of 1991 - 1992. Yet, the *fruit of education* does not lie in the inscribed plaques or the sense of pride and accomplishment of standing before a large audience, rather it lies on a much grander scale. It was with these inspirational thoughts that the guest speaker for the night, Rev. D.J. McLeod, C.S.B., Superinten-

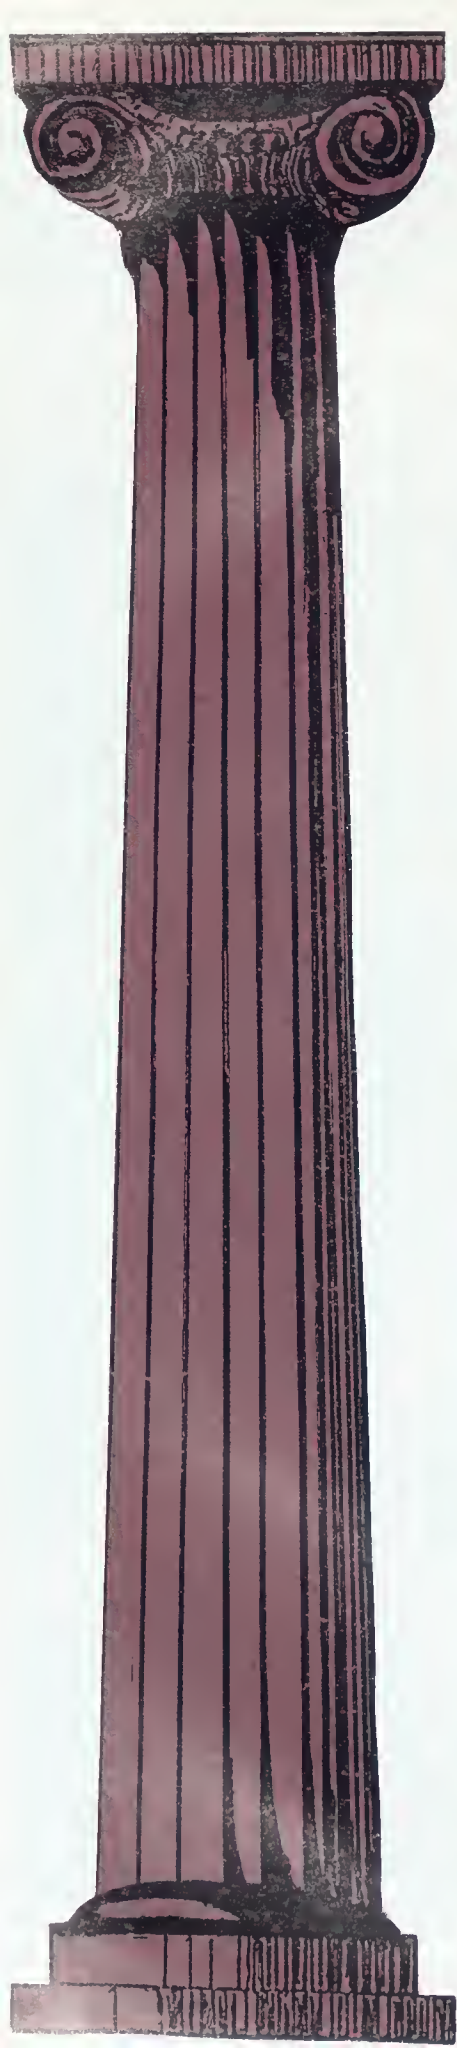

ACADEMIC

RDS

Night

dant of Religious Studies of the M.S.S.B, spoke to us. In a world of doubt, it was the spirit and meaning of the night, the fact that over 200 students who have cultivated both mind and soul, have the opportunity to build a new world - a world of hope. Master of Ceremonies was Mr. J. Fenn and the Welcome and Introduction was given by Fr. Foy. The night was even further enjoyed with the musical talents of Rob Carullo, the sax ensemble playing the theme from Ice Castles and 6 to 4, and the Trumpet Voluntary. The Parent's Guild provided refreshments in the cafeteria which was a social success for all, parents and faculty. Congratulations to all Academic Award Winners, a title hard worked and well deserved. The *fruits* for over 200 students has just begun - continued reward will come.

MR. JACK FENN

Serving the St. Michael's Community for over Thirty Years

"Try different things. Take a chance and try something. Variety is the spice of life."

Jack Fenn always expounded such a philosophy. However, this veteran St. Michael's staff member performed in almost exactly the opposite manner. Just consider the evidence gathered over a 35-year career.

Jack Fenn attended only one high school as a student - this one! He was present when the current facility opened in the early '50's, and was an all-star performer with the Kerry Blues Football Team when he graduated five years later. He went to the University of Toronto where he received his degree in science and economics in 1958.

Mr. Fenn joined the science and physical education departments of St. Michael's College School immediately upon graduation from the U. of T. and a 6-week summer teachers' course at the Faculty of Education. St. Michael's has been his one and only full-time employer over the past three decades.

Sports have comprised the majority of Jack Fenn's extra-curricular time. He has coached basketball, track and field, and football for over 25 years. Geography has been his teaching specialty since 1964 with vice-principal duties replacing this classroom work for the past seven years.

Jack Fenn, again demonstrating his "singular" style in the face of choices, married his high-school girlfriend, Lorna, in 1959. The family has lived their entire life in the same Willowdale home. In addition, Jack Fenn has spent his entire cottage life on Lake Muskoka near Bala. His ancestors settled and developed an area now known as Fenn's Point in 1876.

Over 10,000 young men have been taught, coached, and counselled by Jack Fenn - and the verdict is virtually unanimous from all with whom Mr. Fenn has been associated. He is honest, fair, demanding, and loyal to everyone that comprises the community of St. Michael's College School.

It's now time, Mr. Fenn, to try a few different things. Take a chance at something brand new. "Variety is the spice of life."

MESSAGE FROM THE PRINCIPAL

It has been said that education is a process that begins at birth but never ends. If that is true, and I believe it is, then it is not a matter of a person's ever being "educated" in the sense of finishing with education for good, but rather a question of what areas one continues to grow in throughout his life.

At St. Michael's we try to point out to our students the need to become well rounded people, to grow in as wide a range of areas as possible, to be not merely a good mathematician or geographer, not merely a good athlete or musician, not merely a good socializer or a popular leader, but to be a fully rounded person.

And to be a fully rounded person means to be a good person, to grow in the ways God has set out for us, not as a dictatorial

being arbitrarily setting down rules, but as a loving parent, guiding us to the ways by which alone we can become that complete person we long to be.

It is no accident that our familiar motto "Teach me goodness, discipline and knowledge", is taken from the Psalm, one of the books of the Bible inspired by God to help us in the process of growing as a person. And it is no accident that we repeat this to you so often over the years. We hope and pray that you go through your years at St. Michael's you will learn for yourself the full value of being educated, of growing in love and wisdom and knowledge until you come to the final good of all education, of all growth in love - your union with God when you end this life, only to begin the fullness of life forever.

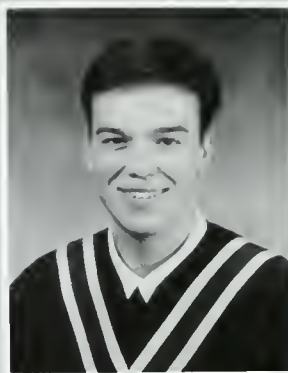

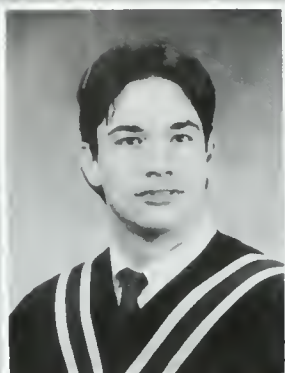

GRADS

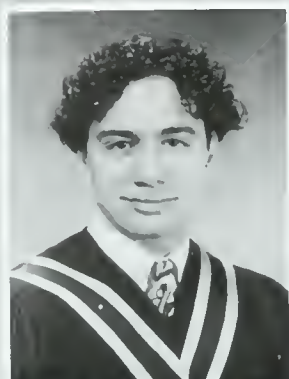

30 Jesus answered, "There was once a man who was going down from Jerusalem to Jericho when robbers attacked him, stripped him, and beat him up, leaving him half dead."

XAVIER ABURTO

My memories of the St. Michael's experience include Beatles' Medley, Straw flower, Chalkman, yellow bricks, stress, SF92, broken window, caffeine, JFK OA1, Fr. Enright's English, patriot scoreboard, jade, bus on fire, "All my life's a circle", cast parties, swim meets, tuba carols, the Blue Cow, the Dead Guy, Fr. Zinger's Seminar, Ski Day 93 & movie review with Fr. McKinnon. Thanks for the memories.

**PAUL ACERBI**

Many a lesson have I learned at St. Mike's. Mr. Chittle for example taught me about rivers and dikes, Mr. Narducci told me of JFK, while Father Enright charged me 25 cents a day. Football was an adventure all it's own, but there is no feeling like bringing 2 championships home. The winged "M" had a great effect, in fact I suspect it gave us all a little bit more respect. Thanks for all the good times boys.

**RAFFAELE ALBANO**

"It's been such a long time, since I knew right from wrong . . . I'm just a small town white boy, trying to make ends meet." At SMC, certain things you learn: don't be a head case; have loonies for Fr. Z's class; and wear your blazer. Great memories of English OAC with Mr. McKernan, Ski day 92, and Italian Play 93. It's finally over. Good luck to all and remember 'When in doubt, drop'. "Some say I'm lazy, some say it's just me. Some say I'm crazy, I guess I'll always be."

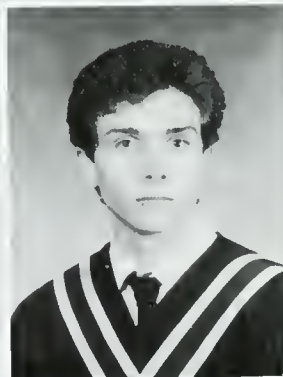

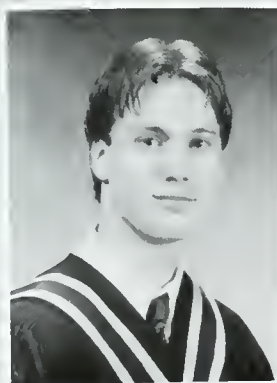

MICHAEL ALBERT

I have happy memories for my years at St. Mike's. I've been on championship football and basketball teams, but all the success could not have been accomplished without hard work.

People may say I did not write enough about the academics at St. Mike's. However, the reason for that is that sports helped relieve the stress I feel after every test I got back.

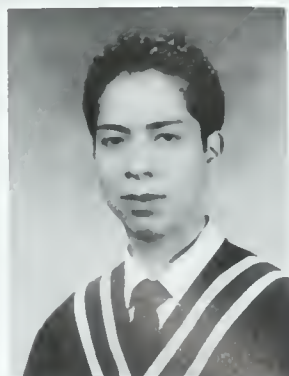

**DAVID ALBISSER**

Thanks to all the boys who made the five long years seem . . . well fun and exciting. From "Ooooooh baby, got to love it" with Paper Rhyme to "Ya OK buddy?" from Bellmore. Adam's rigging of the deck to Beesley's. - Julius who's liver is dry to Dom and Nick for the Italian connection. To the memories of Florida to all the boys . . . it's coming soon.

**CHRISTOPHER ALDRIDGE**

I wonder where that fish did go; it was such a lovely little fishy and it went wherever I did go; Oh fisy, fishy, fish, a fish, a fish, a fishy oh . . . Is it in the cupboard? Wouldn't you like to know? It was such a lovely fish and it went wherever I did go.

It's been fun, but not really.

**MARTIN AMADO**

My years at St. Mike's have been uncertain, long, but in the end, fulfilling. Those memorable moments include Yoga with Mr. Lewis, the Cabbage Patch kid get-togethers, the overhead days and the Michael Wood videos. The saying to remember: "Work with me baby" "Button up the tie brother" "The Finger Method" (Mr. Vector) and we cannot forget "NOOOBODY!" Thanks to all those graduating.

JASON ANNIBALE

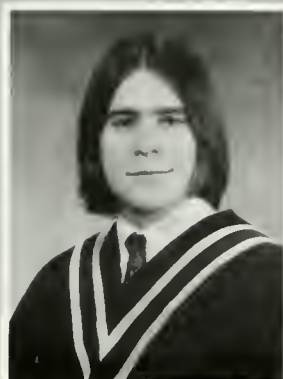

"If you can talk with crowds and keep your virtue, or walk with kings - not lose the common touch; If neither foes no loving friends can hurt you; If all men count with you, but none too much; If you can fill the unforgiving minute with sixty seconds worth of distance run Yours is the Earth and everything that's in it, and - which is more you'll be a Man, my son."

- R. Kipling

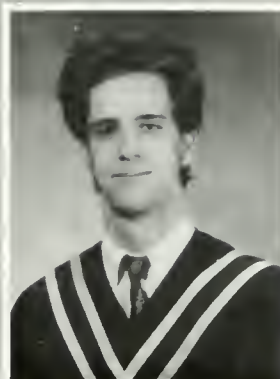

JOSEPH ARAUJO

"People say to me to be myself, it makes no sense to follow fashion. How can I be anybody else, I don't try, I got no reason." Special thanks to Jack for the grandfather comment, I will never forget. Thanks to the shop, for a place to go instead of classes. Thanks to friends, good and bad, you will always be close. Thanks to Mr. T. and Mr. Narducci, you're humour and encouragement has kept me going. Thanks to Mr. McKernan for realism & for hope. Thanks to music & to life.

**ERIK ARAUJO**

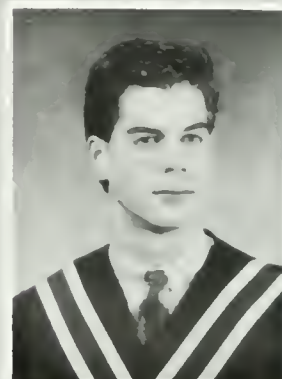

After being burnt out from St. Mike's. Well I'm glad to come to SMC my last year and saved the world. Here is to the smokey coffee shop, those hypnotic yellow bricks that we see in all our classes. The Rev!

**GIORGIO BARBATO**

St. Michael's, you indeed have lived up to your promise to teach me goodness, discipline, and knowledge, the three fundamental necessities for the "University of Life". I will remember Science Fair 90, Out of the Cold, Green Council, basketball, to "pause and consider" and that "every action has an equal and opposite reaction". To family, friends, teachers & administration, who have helped these 5 years go by quickly, stressful, but nevertheless enjoyable, Thank you.

**JOHN BEAR**

hey. You're on vacation and nobody knows you. I only planned to stay at SMC long enough to see Mt. Rushmore and squeeze in a little ice fishing, but somehow things took a U-turn. I'll never forget Kawabi, Quebec, Senior "B", the Party Boys, Cancun and that girl from Ohio. Future: I plan to settle down and raise Chitlens, there a mean little animal, but there coats are worth a fortune.

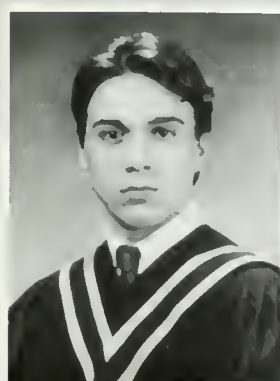

**BLAIR BEESLEY**

Well some say life will beat you down, break your heart, steal your crown, so I've started out, for who knows where. I guess I'll know when I get there.

- Tom Petty

"The true profession of man is to find his way to himself"

- Herman Hesse

**DANIEL BELLISSIMO**

There's still some fight in me, That's how it'll always be, Hold your head up high, Look 'em in the eye and, Never say die.

PATRICK BELLMORE

"Life's been good to me so far."

- Joe Walsh

"Inspiration move me brightly"

- Jerry Garcia

MM: All of the boys (too numerous to mention), Muskoka road trips, Leals talk with Craig K & Steve S, Jays talk with Gavin D & Robbie T, Buzzers Gr. 12/13, turning 2 with MacKenzie, Mr. McCann, Styka and of course Cards, Skydome 92, spare with Albisser, Kalkwich, and the Fonz, and the many good times. Good luck to those who remain. Farewell SMC . . . GO IRISH.

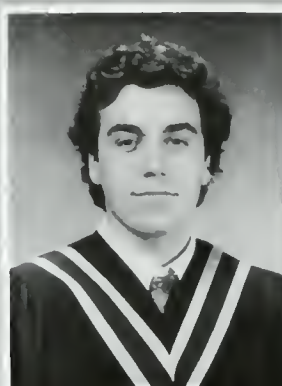

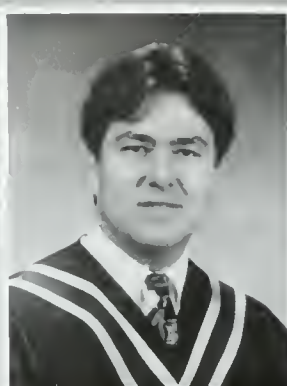

**JASON BERNADINELLI**

I will remember certain events about my career at St. Mike's that have made an everlasting mark on my life. Food fights in the canteen, Fr. Zinger's Seminars, weight room, Fast Eddie and the casino, dominoes, Briscola tournaments, spares, Doug and Stove Top Stutling, Mr. McKernan's English, Mr. Zanardo's Economics, Zesty and LaCasa, Cargnelli and his blind date, Mr. Fenn and 214, Han and the boys and last but not least when in doubt, GO LEASH

DANIEL BOTELHO

Complaints and regrets, but deep down we know it's been a blast. One thing I know for sure is that it's all in the past. Good times, bad times, somethings I'll never forget, like Grade 11 English and the money I bet. Explosions and head-crushes in OAC Chem and Fr. Zinger scaring us. Now we know that those days are gone, and the time has come for us to move on.

**RICCARDO BOZZO**

5 years at SMC would not be complete if it didn't end off in mighty Mr. McKernan's OAC english class. We are all controlled by the media, so wake up and smell the Sanka. It's been great to be part of the tradition and know that we have got the wings to fly as high as we want. "Imagine if all the people could live in peace." - Lennon. Try to make a difference. SMC friends forever. Double Blue till I'm through. Oh by the way, Mr. Narducci shot JFK. MCMXCIII

DAVID BURNS

"The roots of education are bitter, but its fruit is sweet" - Aristotle
As with most human experiences, the elements of joy and success are mixed with sorrow and hardship. I am happy to say that these good elements have by far outweighed bad. Among my favourite memories: JFK assassination conspiracies; the Blue Spruce & Ralph Schwartz; morning sessions in the bookstore; and most importantly, friends.

**STEWART CAMPBELL**

"To me, the best players in hockey are the ones who make their team mates look good, the ones who make their team win. In my book, learning to think "them" instead of "me" is what makes you a professional, and it's what makes you a winner." - Just a few words to live by from a guy worth listening to - Wayne Gretzky. Thanks to SMC for tough years worth toughing out.

**COLIN CAMPBELL**

"Last night I had such a good time,
But there's a price to pay,
A night full of kicks, now the sun's in my eyes,
And I feel so weary today.
I want to close my eyes,
I want to ride and ride and ride,
To nowhere."
Thanks to all the good teachers and friends I had during my years at St. Michael's.

**ADRIAN CAPOBIANCO**

Bye to the yellow bricks of SMC. Years with many memories; Quebec 91 and 92, great summers and waiting for week-ends. Actually, come to think of it, none of these are from school. Oh well, Thanks to all the guys for memories like Sunday morning buffets, lockjaw, offroading, headlocks, high speed spin outs and famous polaroids. Times I will never forget. Thanks.

MARK CARBONELLI

"You are a child of the universe, no less than the trees and the stars; you have a right to be here. And whether or not it is clear to you, no doubt the universe is unfolding as it should. With all its sham, drudgery and broken dreams, it is still a beautiful world. Be cheerful. Strive to be happy."

- Desiderata

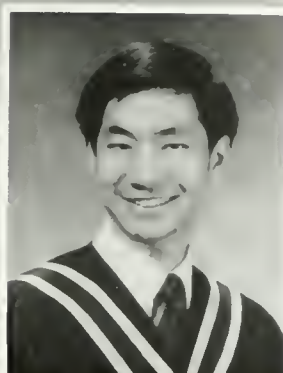

**JONATHAN CARDELLA**

"When the game is over I won't walk out a loser, someday I'll walk outta here again"
- Springsteen
I'll always remember thundering down the road to Quebec, the semi-pops, the Buba-loo, senior hockey, beating UCC, Blues Baseball 92 at the dome, turning deuces with fours (Bell), Peterborough Partying. Cancun baby. Sports Reppin in 92, the stall X2, deep physics talk in grade 12. Muskoka road trip. You guys are the best ever. Double Blue till I'm through.

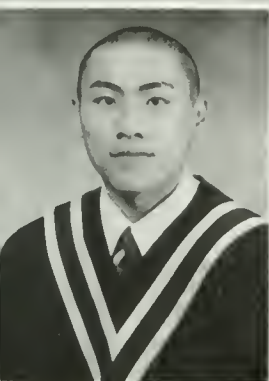

CLAUDIO CARGNELLI

Throughout the last five years at St. Mike's, I heard the following statements countless of times: 1) "You are heading toward the last round up." - Fr. McKinnon 2) "You're a headcase." - Mr. McKernan 3) "Well you won't need to know this 'till university but, - Mr. Thompson 4) "I told you once, I told you a thousand times." - Mr. DiLeo. Well, it's been fun.

**DENNIS CHANG**

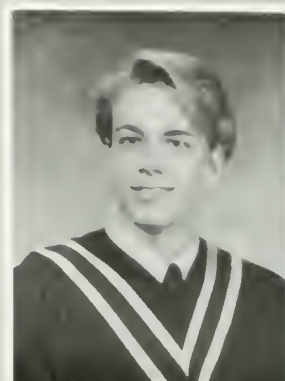

Upon reflection on my time at St. Michael's, I realize I must thank the staff and school for what they have done for me. They have taught me goodness, discipline, and respect, and thus I am a better scholar and a better person than when I first enrolled here. In the future, when I have some free time, I know I will always look back and remember, with pride and gratitude, my St. Mike's experience.

**FERNANDO CHIEN**

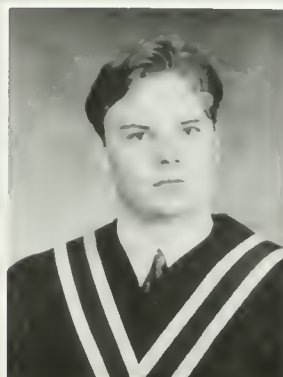

I came with hair, I leave without,
I came in shy, I leave with a shout,
"WICKED, RAIDERS."
Fern's Dictionary: Sick - so bad that it makes you sick; I'm in there - meaning money, like me from the three pt.; money - consistent like dollars, Mike G's shot; truesay - in other words, I agree; rise up - reach maximum vertical; lates - it's been fun but I'm out.

CHRISTOPHER CHODOREK

I remember well. I will always remember. Having been swept up yet another rung of my ancient ladder. I am glad to move on. I will not leave a part of myself here, but rather, take something away, to carry with me as I continue my ascent. Droughts fill these yellow halls, and I let them carry me away. Some of us will never see each other again. Pity. Good luck to all. Fêtes & Fireworks. Goodbye.

**KEVIN CHUI**

Once upon a time, in a grand palace, there lived an eagle named Lou. Lou rapped by the mind-bending electrons of the box, treasured a golden spoon and his Revlon lipstick. Curiosity of a glowing light led the eagle away from his island. Skipping across a pasture, Lou was crushed by a two ton Ford. Why? Because the water was polluted and poor Lou hadn't learned to tie his shoelaces.

**JASON CIURLUINI**

Nick name: Chewy, Beast, Super-Star, Brown bag ciurluim. Favorite saying "Show me", "You dirty gardening tool mut, bag", "Yaaah, . . . OK", "Sir, please get a blue slip", Most favourite memories: Peterborough, attending Mississauga Fest (365 days), fulfilling tragic downfall of Senior Hockey, Rainbow Valley, shift work at 'Gate', Pokanos 500 C.C.'s Future destination: out patient at Riverdale Psychiatric ward, night meeting at local Church hall, "Semienko" of ball hockey

SEAN COLES

I've been here since grade 9. The best five years of high school. While I was here, the hockey teams were great. Winning championship after championship. Thanks to all my coaches and fellow players. Just remember, there is no other school with such a great hockey cathedral as SMC, and SMC students always stick 2-gether. My face won't be seen around these yellow hallways for a while but don't forget that I will always love Penny-Lee. P.S. Hockey is a real man's sport

**RYAN COMERFORD**

I enjoyed by five years at SMC. I met many friends and had a lot of good times. I am grateful that the values of goodness, discipline and knowledge have been installed in me. My regrets are but one. I am plagued for life as enemy quarter, shall remind me of my OAC physics mark. Why wouldn't they let me drop out? I look forward to adventure and greener pastures. "Edamius bibemus, guademmus post marten nulla voluptas." Eat drink and be merry for after death there is no pleasure.

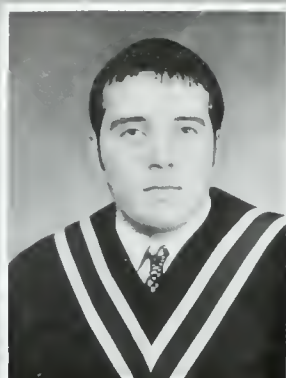

MARCO CONTARDI

"... we scorch the earth, set fire to the sky, stoop so low to reach so high. A link is lost, the chain undone, now we wait all day for the night to come. And it comes and it comes, like a hunter (child) I'm hanging on..."

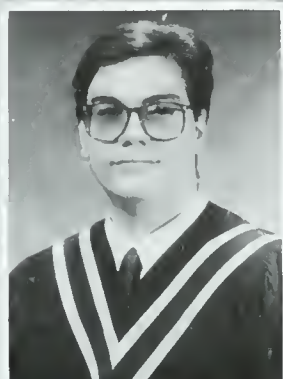

- Bono (U2)

Thanks for the memories St. Mike's.

**GIANNI CRETA**

The party's over with time that's passed, from grade 11 english to Fr. Cullen's mass. The friends I've made have all been great, and memories they bring like Moscone's GLH. The trips to Loretto during lunches and spares, showing off the wheels and catchin' stares. These past five years, we've done it all, from eight guys in Sunbird to Championship football.

Thanks for all the memories guys and good luck.

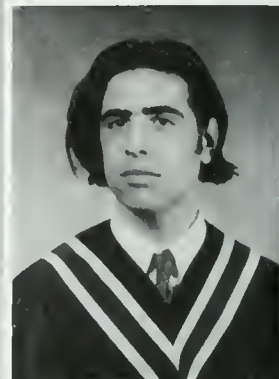

**DANIELE CUDIZIO**

Walk on the right side of the road and you will be safe, walk on the left side of the road and you will be safe, walk in the middle, and you will be squished like a grape. Words to live by.

CIAO

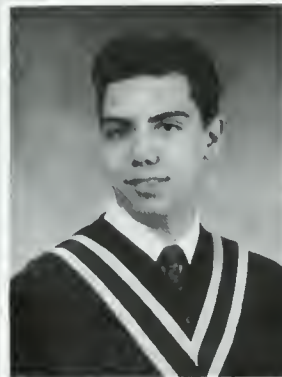

ANTHONY CUGLIARI

Through my five years at St. Mike's the things that stick out in my mind the most are: Fr. Cullen's grade 9 art class, grade 10 stage crew, Fr. Enright's "El Productor", ISU's, dances, Mr. McKernan's "Reality Therapy", Mr. Fenn making me cut my hair, rock nites, Fr. Zinger's religion seminar, three years straight of Mr. Hedican, 46 lunch with the DRIFTERS, AND most of all, the friends.

**DAVID D'APRILE**

All the rules have been broken and all the records have been set. From all the veterans that have gone to all the rookies that will come. The most memorable moments in high school are the one's you don't remember (9-13). Double Blue till I'm through.

Asta La Vista Baby.

**MARK DACAMBRA**

"... Toil not to gain wealth,
Cease to be concerned about it;
While your glance flits to it,
it is gone.

For assuredly it grows wings,
Like the eagle that flies toward heaven."

- Proverbs 23: 4-5

Thanks for everything SMC. I will never forget you.

**GAVIN DAVIDSON**

"I go to parties, sometimes until four, It's hard to leave when you can't find the door."

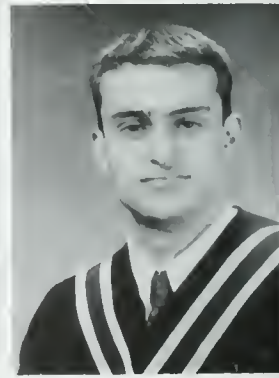

- Joe Walsh

"If your mind is strong and your brain is broad, you'll have more friends than a train can hold."

- Willie Dixon

LORENZO DE SANTIS

My cousin told me that while he was at St. Mike's, they rolled niners down St. Clair in Fr. Zinger's garden barrels. That didn't happen. Last year, a lot of grads told me that Calculus was harder than 100 year old cheese. That wasn't true. But what did happen was that I've gone through what some may call 5 years of torture but I call 5 years of tootin' around. Many thanks to all who made St. Mike's more than the yellow bricks and green lockers that it is. These memories will be with me forever. Thanks.

BRIAN DE WOLFE

CRISTIAN DEMPSEY

I will always remember the Axemen at Rock Hill, Emo, semis, Branksome formals, Guns 'N' Roses x3, council, squash, election '92, awesome to be a member in Pau B, Whistler x3, being a "his" and "bee" with Grand Society Boss and Cabaret. Thanks Carer, Rebelo & Sojo. We rocked.
"I know some day you'll have a beautiful life;
I know you'll be a star;
In somebody else's sky."

- Pearl Jam

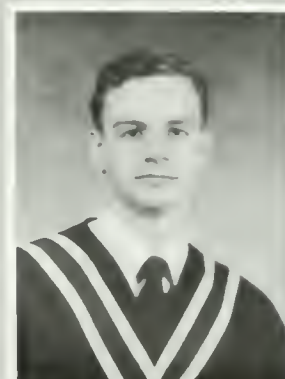

STEPEHN DI GIACOMO

Anyone who knows me, knows that I'm writing this at the last possible minute and I wouldn't have it any other way. The last years have gone by so fast and left so many memories - the table and Steve Zone (you guys owe me a few thousand orders of fries), being out of order in art class, mastering the art of "night before" and "period before", and being mistaken for a certain musical legend who may or may not be dead. If you see me standing at the side of a road, please offer a ride.

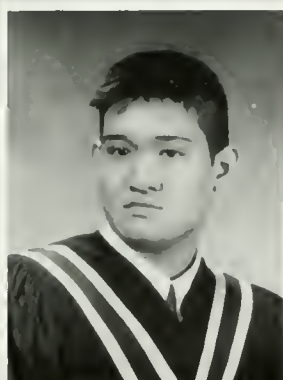

JOHN DI VIZIO

St. Mike's I am sure will always be dear to me. It taught me goodness, discipline and knowledge. I would like to thank the staff of St. Mike's who made it a joy to come here. I will always treasure my friends at St. Mike's and as a wise man once said (me), "Friendships are like valence electrons, they have high and low affinities, some higher than others." Many thanks to my parents, always remember, datta, dayadhvam, damyata, SMC RULES ALL.

RODERICK DIOSO

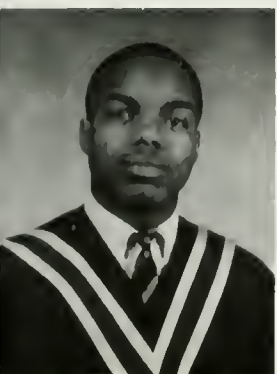

Grade 9: I met her for the first time not knowing what to expect. I didn't think much of her. Grade 10: I thought I knew everything. She taught me otherwise. Grade 11: Beginning to understand, I learned to accept her. She helped me grow. Grade 12: I could not see where I was going. She opened my eyes. Grade 13: Now that we must part, she leaves me hopeful & confident of my future. Thanx for everything SMC, it was a trip.

ADRIEL DOMINGUE

In life you should all be thankful for the possibility of meeting great people throughout daily travels and adventures ... you are all welcome.
Yes I was the greatest in the greatest section of the Stage band ... just me and my slide.

TROY DOS SANTOS

STEPHANE DUROCHER

I hope you remember the good times, the bad, the boring, the different, the fun times we had, I made some new friends here, some good, others great, yet now we all move on, leave and graduate. The life which will follow can go many ways so be wise and make it the best of your days. And if by some chance our two roads meet again, come up and say to me
"Hey remember when"

MICHAEL FANTILLI

My favourite memories at St. Mike's include: Mathemagic with Fr. Holmes ("When in doubt, take the derivative"); breakfast television and marathon note taking in Mr. Vitullo's Biology course and manic depressive therapy sessions in Mr. McKernan's English classes.

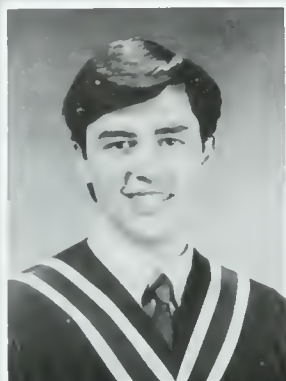

"That's what high school's all about"

**MICHAEL FELLIN**

My highlights from the past 5 years include: the cost of \$103.75 to be a Rod, Los Angeles '91, Quebec '92, New Year's at Patty's, Bonnies Midget, games in the thunderdome, moments with Sarah, 10B and Fr. Zinger. Thanks to my family and friends for all their love and support, but most of all, thanks to St. Mike's for who am. Adieu.

"Success is counted sweetest by those who ne'er succeed."

- Emily Dickinson

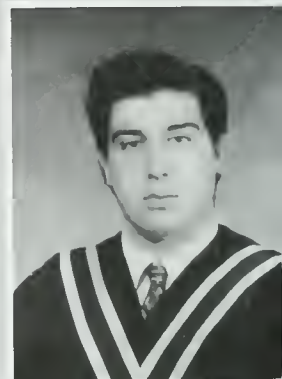

**EMANUELE FENILI**

It is true that we shall not be able to reach perfection, but in our struggle toward it we shall strengthen our characters and give stability to our ideas, so that, whilst ever advancing calmly in the same direction, we shall be rendered capable of applying the faculties with which we have been gifted to the best possible account.

- Confucius

ROBERT FERRETTI

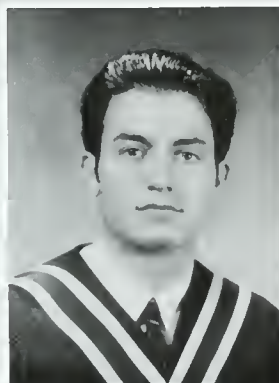

My years have at St. Mike's been very memorable but certain things stand out among them: Soccer seasons '90 & '91, cramming for exams, cafeteria food fights, ski trips, locker room rumbles and "Intensity builds immensity"

**LUCIANO FIORINI**

The world turns and the world changes, but one thing does not change. In all of my years, one thing does not change: (my education at SMC). We thank thee for the lights we have kindled, the light of (discipline) and of (knowledge). Our gaze is submarine, our eyes look upward and see the light that fractures through the (experience). We see the light but not whence it comes. O Light invisible, we glorify thee.

- T.S. Eliot

Thanks St. Michael's.

**MICHAEL FLYNN**

Today is a sad day. I will remember most, or parts of in some cases (pun), cottage expeditions, semis, hunting trips Quebec, boxes of kids, injuries, smoke shows, Peterborough 1 1/2X, Sr. Hockey and the pump, and of course the boys, you all know who you are. Also known as Flynnner, Hose or Fly. I'd like to leave you with these parting words which I learned at SMC before the fat lady sings . . . "G hard or go home." Later . . .

**MICHAEL FORTIER**

As time is quickly RUNNING to the finish, I leave with just one thought, that I have gained from my experiences at St. Mike's.

"The only way to fail, is to not have tried."

Thanks to everyone who has made these five years so great.

CHRISTOPHER FORTIER

It is time to say good-bye. In the past five years, I have made some great friends and learned so much. I would like to thank all the people who helped me to become what I am today. Thanks to everyone.

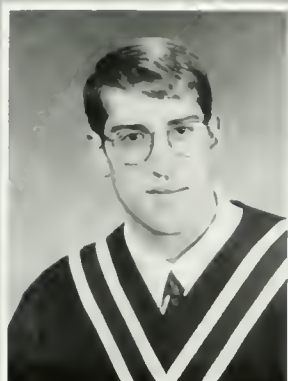

"The moment may be temporary, but the memory is forever."

- B. Meyer

MACGREGOR FRASER

Time as he grows old teaches many lessons - Aeschylus. My time here at St. Mike's has also taught me many lessons. When I look back over my five years at St. Mike's, I think of all the things I learned, did and all the great friends I met. Thanks for all the memories.

**MARK FREITAS**

Sometimes a memory,
Only sees what it wants to believe,
And what's filled in between,
Are days & nights that don't mean a thing.
Such a simply suicide,
A second chance never tried.
And you don't understand.
I need a helping hand.

- The Black Crowes

See ya, on the other side.

**PETER GIACOBBE**

In retrospect, I would like to thank all my teachers and friends who have each contributed a piece to the mosaic that I have become. Special thanks to Mr. Pignataro, Mr. Tessaro, Mr. McKernan and Mrs. Morra.

"Life can only be understood backwards, but it must be lived forwards."

- Kierkegaard.

"The roots of education are bitter, but the fruit is sweet"

- Aristotle.

PATRICK GLEESON

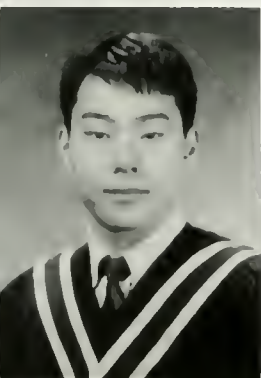

In my two years at St. Mike's, I don't remember seeing the sun a total of five times from Monday to Friday, October to March. I do remember OFSAA Basketball, '91/92, '92/'93, and Edmonton and constantly trying to convince people that Malton isn't a hick town and I don't have cows grazing in my backyard.
TAKE WHAT YOU HAVE AND FLY WITH IT? EVEN IF YOU HAVE WHITEMAN'S DISEASE AND CAN'T FLY TOO HIGH.

**ROLAND GONZALES**

In terms of AMC, it seems that we have come to the end of the road. From here we enter the highway, but I'm not sure if I want to ride it all night long. Nonetheless, the memories that will haunt me most include Mr. Dudzinski's Biology class, Mrs. Hogan's Physics class, sanctifying grace, room 214, Mauti's election speech. As for the future all I can predict is a lot of stopovers for gas and many speeding tickets.

**JAN HAJEK**

and it's time
for a little
r e v o l u t i o n .
Thanks for the memories.
Go well, stay well.
la, la, la . . .

**EDWARD HAN**

Five years ago, I entered these hallowed halls of eternal yellowness and I said "This is where I will find myself. In Fr. Enright's English class, Mr. Tannis' Latin class, Mr. Thompson's Physics class, Fr. Zinger's class. Mr. Narducci's and Mr. McKernan's classes. From a sapling grew a great oak tree that will be the foundation of ST. MIKE'S NEW WORLD ORDER

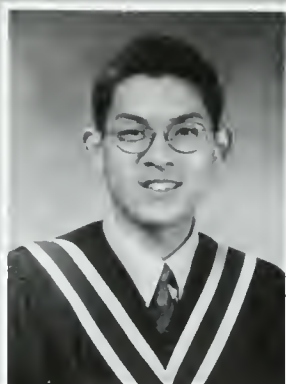

BRIAN HEANEY

The years I have spent at St. Mike's have been a tremendous learning experience. The values which I've learned will last throughout the rest of my life. I've had an advantage over other people by attending St. Mike's and for that I am grateful. I enjoyed playing basketball here over the years and will never forget it (TDCAA champs) I'm now going to take the things I've learned and move on to bigger and better things

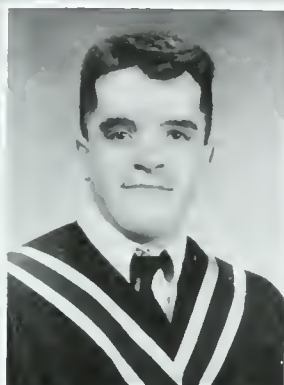

GRANT HO

I enjoyed my five year sentence at SMC as inmate S-854, the true Ivan Denisovich, under the watchful eyes of the wardens, uh, teachers. I could often be found chowing down on the fries in the caf, fiddling music with Fr. Zinger, or suffering from "11th hour panicking". Although I have only been able to accomplish one of my three goals (i.e. becoming Fr. Holmes' personal attendance-sheet-deliverer), my awesome experiences gained at SMC will forever be engraved in memory.

**TREVOR HOLMES**

Nicknames: Homer, Fire-Hydrant, Toronto's Finest Athlete, the Jack of all Trades. Says: "Do you serve minors here?", "Captain, I can't hold it any longer, she's gonna blow.", "Can I mow your lawn?" Probable destination: Beverly Hills Hairstylist, married with children, or respected tax paying citizen. Memorable occasions: Gr. 11 June Exam Mohawk, spares, windshield wipers, hockey and football, Pizza Dee's, and Paulo Bermudez at the Gate, ski days. Now what do I do?

**SHANE HOLTEN**

Linebacker, no. School president, no. Casanova, easse. Mr. ER, Beast, Cadillac Man, midget, Gino, Mr. Pipeline, rack; all of the above. I want to thank all my friends and family who made my tenure at St. Mike's memorable. Good luck to all the fellow graduates, and see you in five years when we all become supply teachers at St. Mike's.

As long as we have Hope, we have direction, the energy to move, and the map to move by. We have a hundred alternatives, a thousand paths, and an infinity of dreams. With Hope, we're halfway there. As the passage of time from these yellow bricks evolves, the memories they hold will always be deeply imbedded in my mind. I'll never forget period 5 spares, Senior "B" Hockey, Discipline Committee, Quebec, the Table, and Courtney. Peace to the SMC Nation.

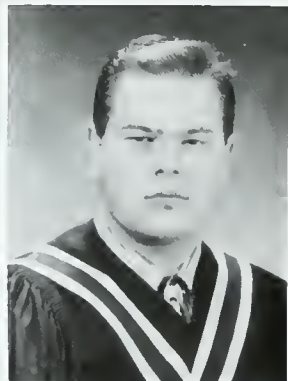

MARC HOPE**MICHAEL IRCHA**

And that mistake, I've made a few; I've had my share of kicks to the face, but I've come through.

- Queen

I will always remember 30-7, 23-14, and 21-20, the yellow bricks, and the double blue. The long nights in October and the tough days in June. I want to thank all my friends and wish them the best. We came in here as boys, and left here as men. Thanks to St. Mike's.

- Shamu

**PAUL JOHNSON**

On the rockiest of roads I arrived. On the straightest of paths I leave. Things I'll always remember about St. Mike's include my first hockey try-out, the Double Blue, the dressing room, the stall, innovative curling, Peterborough bashing, Collingwood slopiness, the "Ride-Out", and of course the boyz (you know who you are). Special thanks to Mr. Fifield and Agata for all their help and support. "I came for a good time, not a long time" Laaater!!!

EDUARDO JOUSSAUME

"There is a road, no simple highway, between the dawn and the dark of night. If you should go, no one may follow, that path is for your steps alone."

- Robert Hunter

Within the depths of these yellow bricks, incidents which stand out include: planting Mr. Zinger's bud, Mr. McKernan's guilt trips, Mr. Narducci's home-grown Kennedy files, Quebec, the Atlanta Muggings, conquering blizzard '93 (Tennessee), Rocknites, B.C. '92 and all memories left unwritten. Later!

IGOR JURICEVIC

The time has come to move on. Thanks to everyone who made my five years at St. Michael's interesting, to say the least. It was fun while it lasted.

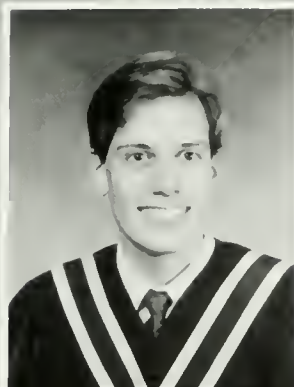

JULIUS KALCEVICH

"There is a place in the sun,
where there is peace and love for every-
one . . . we're moving on, moving on."

- Stevie Wonder

Amongst the hordes of fond memories, a
few stick out as truly memorable: Egypt,
Quebec, Greece, the soirées, lunch in the
council room, the do-nothing spares, the
semis, and the Calculus quotation board.
Many thanks to friends, family, and fish.
Walk with God.

**JOHN KALOGIANNIS**

Some of my nicknames include: Duke,
Dukakis, the Greek. Most memorable mo-
ments include: Fr. Zinger's homeroom,
Mr. Dudzinski's Biology Classes, Mr.
McKernan, the coffee shop at lunch, Que-
bec '92 and a bit of '93. Thanks Mom
and Dad for the opportunity for attend-
ing St. Mike's. Remember, "Live long and
party hard". Prediction: Leafs win Stan-
ley Cup in 1995.

**BRYAN KANE**

"To accomplish great things, we must
not only act, but also dream; not only
plan, but also believe."
My five years at St. Mike's will live with
me forever. Especially the memories of
Senior Hockey Playoffs, Peterborough
'93, and Jr. Hockey in Montreal, as well
as track and football games. The mem-
ories and friendships that I made at St.
Mike's are forever. Thanks to my team-
mates, and especially the boys.

SEAN KHAN

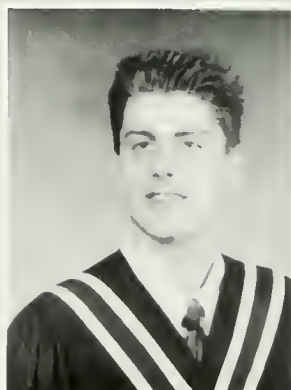

My tenure here at St. Mike's has been
many things. As the "Knights of the
Lunch Table" can cite, it has been ardu-
ous, stressful, character building, and re-
warding. The friends I have made here
will never be forgotten. My thanks to the
Basilians and the quality teachers for
moulding a young "niner" into a young
man. There is nothing a man laments
more than a chance lost. Fortunately, my
chance to attend St. Michael's was an op-
portunity gained.

**CRAIG KOENIG**

The mirror tries to please me,
the image wouldn't stay.
The stranger is too perfect,
to take my breath away.
The future rides beside me,
tomorrow is in hand.
The stranger turns to greet me,
take me by the hand.

- Robert Plant

Wherever I go from here, I can only hope
that the strangers that greet me are half
as great as those I encountered in my
five years here at St. Mike's. This is a
very special place. Thanks to all.

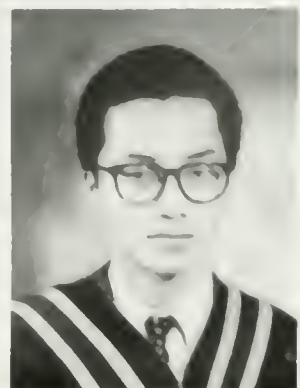

**ADRIAN LACKOVIC**

Yesterday, there were so many things I
was never told. Now that I'm startin' to
learn, I feel I'm growin' old. 'Cause yes-
terdays got nothin' for me, old pictures
that I'll always see, time still turns the
pages in my book of memories. Prayers
in my pocket and no hand in destiny, I'll
keep on movin' along with no time to
plant my feet. 'Cause some things could
be better if we'd all just let them be
Yesterdays got nothin' for me.

- GNR

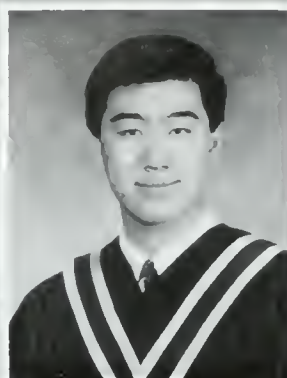

**MATT LANGSFORD**

During my stay at SMC, I was able to en-
joy both playing hockey with the "Buz-
zers" and receiving a sound education.
Although I attended SMC for only one
year, I still became very aware of the tra-
dition and pride surrounding the hockey
team and school. It was a worthwhile ex-
perience that will remain with me
throughout my life . . .
Thanks.

WINSTON LAU

EDWARD LEE

What do you say when it's all been said?
How do you feel when it's all been felt?
I'm speechless.

**KEVIN LEE**

Five years have gone just as fast as it has come. I will always miss those boring seminars, the independent chemistry classes, those musical shop classes, and last but not least, the Zingo enlightenment. As well, Fr. Sheehan, take care. Thanks Mom and Dad and my other fellow Lee siblings.

**LORIN LEE**

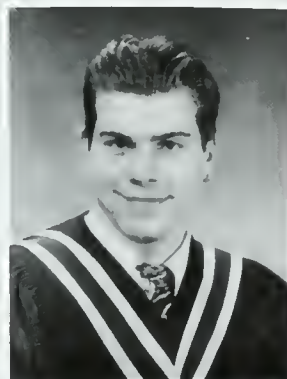

"There are three types of people in the world: those who make things happen, those who watch things happen, and those who say, 'What happened?'"
"I do not want to die . . . until I have faithfully made the most of my talent and cultivated the seed that was placed in me until the last small twig has grown."
- Kathe Kollwitz
To you, St. Michael's, I am always grateful.

**MATTHEW LEE**

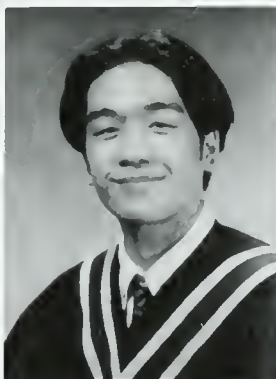

Five years in . . .
Fond memories of . . .
Friendships forged at . . .
Farewell to . . .
St. Michael's
To all the grads of '93, good-bye and good luck.

**STEPHEN LEPS**

My venture through St. Michael's has shown me all aspects of high school life. Sports brought me many great friends in Jr. and Sr. Hockey and football. Inside school, I learned to always be at Father's classes every day, and to stay awake. Outside school, clubs, spending thirty cents a day twenty-five times at Allmart, the hundreds of thousands of dollars spent for my pinball scholarship at the shop, and all the elements of the "Coffee Shop Posse".

**KENNETH LEUNG**

Look to this day
For yesterday is but a dream
And tomorrow is only a vision.
But today well lived, makes every
yesterday a dream of happiness,
and every tomorrow a vision of hope.
Look well, therefore, to this day.

**ANDRE LEUNG**

After the dust has settled, these things have left an indelible mark on my memory: flying lunch meat in Gr. 10 Latin, the Hoikety Choik, trips to our plot of land in bio, Mr. Tessaro's bio and chem classes, Mr. Ribarich's pioneering group study method, Mr. Coghlan's "pair up", "I need some Centrum", Mr. Shust's Calculus parties, needing pencil crayons for the World Issues exam, volleyball tournaments, and zoning at St. Rob's. Thanks SMC and all the guys that helped me through. Thanks Mom & Dad for sending me here.

**NICK LIJOI**

After five years of SMC, I am spent!
From what I remember, and from what people have told me, I have had some quality rainbow times. I've learned a few things too:
1) If there's grass on the field, play ball because calouses can be painful.
2) I have absolutely no tolerance.
3) Yellow bricks have a deep psychological numbing affection on our young minds.
Well, we're out of here boys! Anybody have something to do?

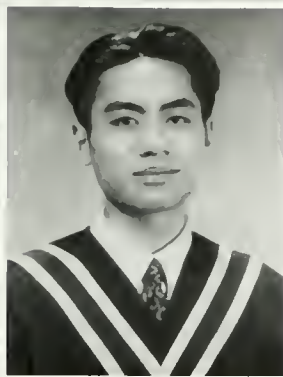

NORMAN LIWANAG

"Therefore we can go die as sleep,
And trust half that we have,
Unto an honest faithful grave;
Making our pillows either down or dust."

- George Herbert

DEATH

Until we all meet again in the big shop in
the sky. Coffee Shop Posse, never forget
ya.

**JOE LOPRESTI**

A lot of changes through the years, but
what stays the same are the memories.
Most memorable moments include: Mr.
DiLeo's stories, Vetro's class remarks, Jr.
Soccer '91, Joseph, Cancun '93, and Mr.
McKernan's lectures. Good luck to all
grads, and remember, keep the faith.

LUCIANO LOSIGGIO

Grade nine homeroom with Mr. Mazzanti,
Fr. Cullen's Art Class, Junior Double
Blues, Senior Hockey, winning the Peter-
borough tourney with Sam Barbieri,
Steve Marino, and Elliott Vardin, Gr. 11
chemistry with Mr. Tessaro, Gr. 12
homeroom with Mr. Di Pinto, calculus
with Mr. Narducci, Fr. Zinger's seminars,
and locker room brawls are just a few
memories. Most fondest is playing for the
Buzzers and being part of a distinguished
and renowned tradition. And the tradi-
tion continues . . .

WILLIAM MACFARLANE

"Good friends we had, Good friends we
lost along the way . . ."

- Bob Marley

"I'm goin' to hell in a bucket, but at least
I'm enjoyin' the ride . . ."

- Jerry Garcia

Three years have passed and too many
things have happened to mention (and
some I would prefer not to). I won't for-
get Rock Nites, 214 stationary, the Shop,
Quebec '93. "Take'er easy and . . ." may
we all meet in the Great big sky.

**ROMAN MAKSYMIW**

I wish I could say I spent five wonderful
years within these yellow bricks, but in-
stead I had the next best thing: two
years within the wonderful green gard-
ens. Special thanks to Gina & Elvis for
the great Shop experience. Couldn't have
made it without last period Geo-spare. As
I embark upon this threshold, the next
great experience in my life I utter those
sacred words "What's my favourite num-
ber? Why 214 of course." Sincere thanks
to Rock Nites, holidays and he.

**NICK MANCUSO**

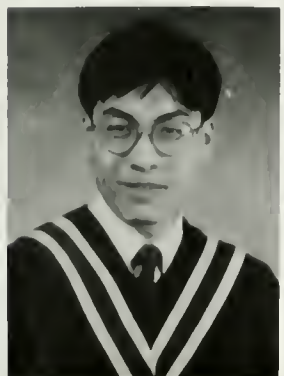

Having endless laughs with the boys,
constantly thinking of how to have a
great time, sleepless weeks studying for
exams and thinking of where we'll all end
up in the future are my most vivid me-
mories of five years at St. Mike's. The
SMC tradition has taught me to look to
the future, be strong and make the best
of all the hardships. "Seize the moment,
and don't say it can't be done tomorrow
because all you'll end up with is a bunch
of empty yesterdays." It was real,
thanks.

EDUARDO MANERO

I'd like to have said I'll keep dear me-
mories, but exhaustion numbs the mind.
I'd like to have said I've matured, but
stress stunts your growth. I'd like to
have said something profound, but fru-
stration precludes wisdom.
To St. Mike's, I'm proud to be a part of it
all - the tradition, the heart, I'll carry it
always. I hope I have said enough.

DAVID MANGAN

Out of the haze of moments that I have
these the ones that are most memorable
a short-lived football career, extensive
swimming practises with the "Blue
Whales" (our ship has run aground), par-
ties with the "Big Men", vague details of
Brantford, the "ultimate" injury, the
night I was "Bob" My years at St
Michael's seem to be brief, but this is
not the time for sorrow or grief. In going,
to you, I impart this utterance, if at first
you don't succeed, burn the evidence

JOHN MARKEZ

I went to the woods because I wished to live deliberately, to front only the essential facts of life, and see if I could not learn what it had to teach, and not, when I came to die, discover that I had not lived. I did not wish to live what was not life, living is so dear; nor did I wish to practise resignation, unless it was quite necessary. I wanted to live deep and suck out all the marrow of life.

- Henry David Thoreau

**SALVATORE MARSALA**

I remember . . . the Schomberg River, cutting grass, Curbonelli's mut, Nick's rat, Finite class, Fr. Zinger's seminars, Mr. McKernan's guns and butter examples, Sgro's Gretzky worshipping, Mr. Chittle's "co-operate & graduate", Nick's pursuit for racial equality, and Craig's prediction of Leafs as Stanley Cup Champs in 1993. "A man without land is nothing."

- Simcha

**ROBERT MARTIRE**

Time flies when you're having fun, I thought it would never end. But the things that made my five years at SMC more enjoyable were: Montreal, Peterborough, the Senior Double Blues, the dressing room talks, Geo-spare, and Mr. Narducci's math class. Special thanks to my buddies on the hockey team, it's been a blast. And to my best friends, I leave you with this final thought.

"You could pick your friends, and you could pick your nose, but you can't pick your friend's nose."

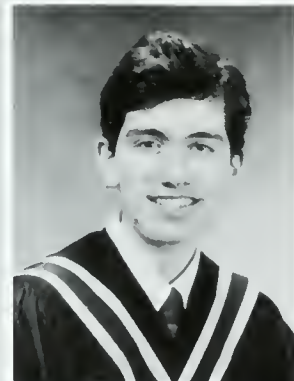

- Vito T

TONY MAUTI

All I want is what's coming to me, and that's the world Chico and everything in it.

- Tony Montana

I will always remember Fr. Enright, Fr. Cullen, Fr. Zinger, Fr. Holmes, Fr. Foy, Fr. Murphy, and all the other priests, and getting blatantly ripped off in the presidential elections.

**NEAL MCCABE****MICHAEL MCCAFFREY**

"Welcome, O life. I go to encounter for the millionth time the reality of experience . . ."

- Joyce

. . . whatever . . .

It was fun. I'll miss the shop.

**PAUL MCCARTHY**

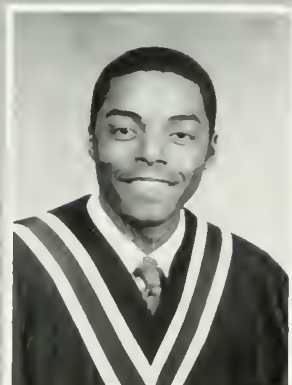

Five years sure seems to fly by, especially when 4 1/2 are a blurr. Here's to Quebec 90/91, the times at the lodge, Sunday recoveries, dusk till dawn, footin' up north, "We might need a wheelchair tonight boys.", "You must have had the goggles on", "Don't tough that stuff dude, you'll go blind." Thanks to all the boys, we've had a lot of good times. "Greeb, look out for that island." Bird, stay out of the ditch.

CHRISTOPHER MCCUDDEN

I was stumblin' through the parking lot of an invisible 7-11 ZZ top. Now that I've described the classes, it was the after school and lunch time activities that I really enjoyed. All in all I think my SMC career rolled up pretty nicely. So as Jimi said "Let the good times roll." By the way, long live Elvis.

CLINT MCDONALD

MARTIN MCEACHERN

He who leads to lead takes one step forward for the follower and one step backward for himself. Through it all there have been many unforgettable moments: Yoga with Mr. Lewis; SSWS with Mr. Quinn Fr. Holmes' Finger Method; "Biology" with Mr. Tesaro; and most especially, the conclusion of all-night, year-end art sessions. All things clarified, it's time to take that step forward.

PAUL MCSORLEY

I am looking forward to University in 93-94. SMC has been a rewarding experience for me, and I will send my boy here. Thank you to all my teachers (even those who gave me a lousy mark) and to everyone of my friends who made my stay here interesting, to say the least. Special thanks: The Big man, the Nuge man, Dempsey & Shane. "All our knowledge brings us nearer to our ignorance, all our ignorance brings us nearer to death, but nearness to death no nearer to God."

- T.S. Eliot (The Rock)

ANDRE MEDINA

Well, five years have gone and passed. We are now leaving the yellow bricks, the ski days, the jam-packed stands as crowds at school games, ball hockey tournaments, the all night study sessions, and Mr. McKernan's fact of the day. I can say that I have been saved from the "Sea of Ignorance".

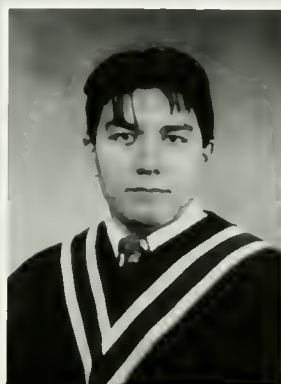

JAMES MEJIA

"Clean as the grass from which the sun has burned the little dew. I come to this page in the not so early morning with a picture of him whom I could not be for long."

- L. Cohen

Five years I hardly remember, and friends I will never forget. Thanks to the shop, the clubhouse, and everyone.

MICHAEL MENAGH

I'll always remember: the stress, cramming, the Blue Herald, Out of the Cold, ski days, yellow bricks, Good Shepherd Refuge, Concert Band, Caf food, Meals on Wheels, fountain rebuilding, university applications, countdown to confidentials, good friends, and good times. Thank you.

PAUL MERLO

Despite the fact that I will eventually forget about 90% of my high school experience at St. Mike's (Physics will be the first thing to go), certain things will definitely remain ingrained in my mind such as the interminable rides to and from Mississauga, the Blue Derivatives, fifth period spare, and the daily ritual of card games at lunch with my fellow card-sharks. Good luck in the future guys!

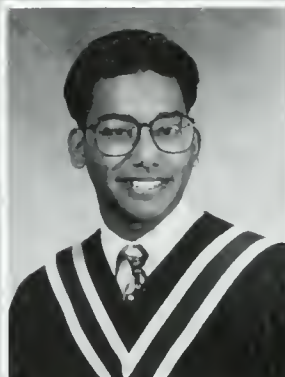

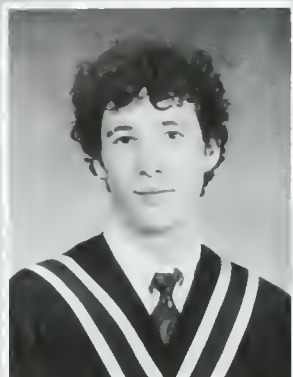

RAFAL MICKIEWICZ

There are gains for all our losses,
There are balms for all our pains,
But when youth, the dreamer, departs,
It takes something from our hearts.
And it never comes again
Something beautiful is vanished,
And we sigh for it in vain,
We behold it everywhere,
On the earth and in the air,
But it never comes again.
Richard Henry Stoddard
Remember Though we must all grow old
and wise, we must strive to view the
world through a child's eye.

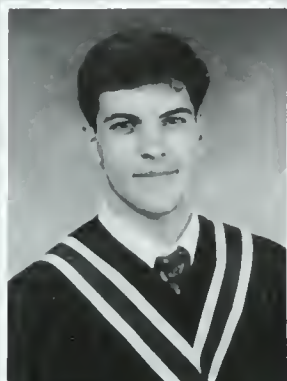

PATRICK MITCHELL

Thanks to my family and friends for getting me through. As I leave these yellow halls, I bring with me good memories: the plays (especially Fiddler and Amadeus), Greece, and Paris '92. "He not being born, is busy dying."
- Dylan

**CARL MOHAN**

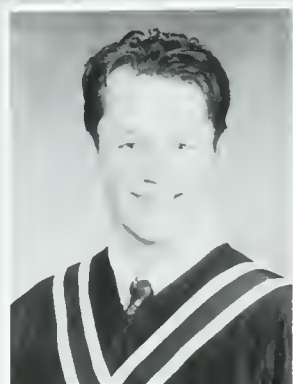

Well St. Mike's, it's been a memorable five years. Thanks for the experience, the memories, and everything else. Thanks to the gang for a great year. "HASTA LA VISTA, BOYZ!"

MARC MONTEMURRO**DANIELE MORELLO****EOGHAN MORIARTY**

Well, we busted out of class. We had to get away from those fools. We learned from a three minute record baby, more than we ever learned in school.

- Bruce Springsteen

I remember Taco Bell, homeroom spare, cottage parties, 3-peat, Kegfest '92, physics, and backaches. Thanks to my parents, the Pretorian, and especially the magnificent seven who backed me up anytime, anywhere. Good luck and farewell.

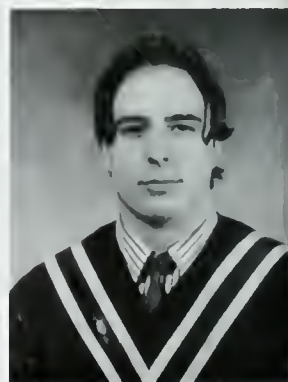

**PAUL MOSCONE****SERGIO MURACA**

Wow, it's hard to believe that was five years. Yet the memories will last forever. Acapulco, Axel's 8-passenger-5-seater with lowered suspension, Moscone's jokes, thirty cents (before New Years), and the laughs remembering memories I could write about. More important, however, are all the friends I've made.

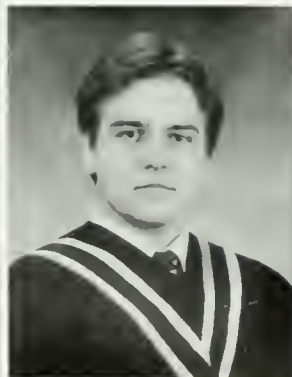

STEVE NAUMOFF

As we all play parts of tomorrow, some ways will work, and other ways we'll. But I know we can't all stay here forever, so I want to write my words on the face of today . . . and then they'll paint it.

- Blind Melon

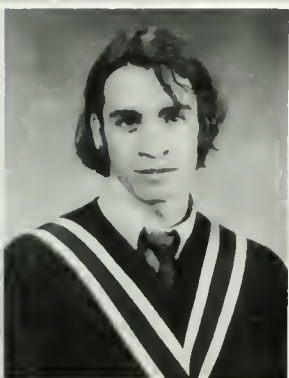

RODRIGO NAVASCUES

MARCIN NOWAK

Well, SMC, this is it. Thanks for the good times and the bad times. All in all, I wouldn't trade them for the world. Memorable moments include: 10B Homeroom, football practice, OFSAA wrestling trip, cottage times, and the all-nighters. Keep the faith boys, see you.

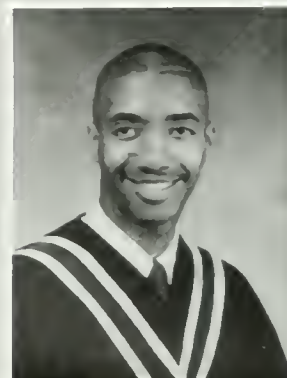

MICHAEL NUGENT

"So much has been said, so little done."
- Bob Marley
I fondly remember Mr. McKernan's harangues and cloudy lunches in the sun.
"Life's been good to me so far, I say."
Halls of St. Michael's, I bid adieu. Admired the elegant artwork of 214, real inspirational stuff. Will always remember the St. Michael's motto in difficult times, "Do 'em.".

KEVIN O'BRIEN

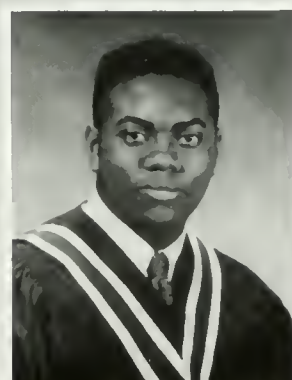

Survival tips for St. Mike's:

- 1) Try to keep things in perspective.
- 2) Try to be happy.
- 3) It will always get worse before it gets better.
- 4) A little hard work in the beginning can save you alot.
- 5) Try not to do things you might regret.
- 6) Try to accept what you can't control.
- 7) Don't expect young heads on old shoulders.

JAMES O'REILLY

Don't damn me when I speak a piece of
my mind,
'Cause silence isn't golden when I'm
holding it inside,
'Cause I've been where I've been and
I've seen what I've seen,
I put the pen to the paper,
'Cause it's all a part of me.
- Guns 'N' Roses

VINCENT OSBOURNE

I leave St. Michael's with fond memories of playing Sr. Basketball in Grade 9, my two attempts at lootball, waking up at the break of dawn to get to school on time in Grade 9, shop class with Mr. Geniole, Fr. Enright's Grade 11 English class, driving around Toronto during my Grade 11 spare, and finally the Koenig express in Grades 12 and 13. Thanks for a great five years.

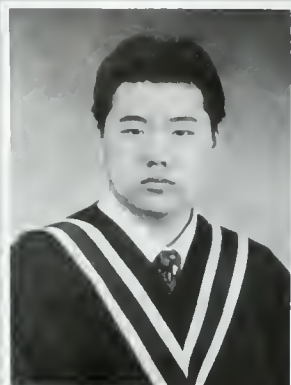

FRANCESCO PALOZZI

JOSEPH PAPA

I'll always remember Radisson, Senior "B", Apache, the bell, Cancun, funneling at Beesley's, math parties with Les, helping Pavacic pass physics and calculus, Big Rock, summer school at Runnymede, and Rainbow Park. To all the boys, honeys, chiefs, and sluggers, see ya!

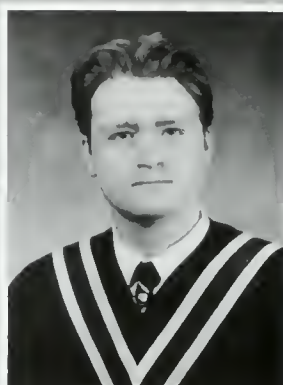

ALEX PARK

ALBERTO PATELLA

The offing was barred by a blank bank of clouds, and the tranquil waterway leading to the uttermost ends of the earth flowed sombre under an overcast sky - seemed to lead into the heart of an immense darkness.

- Conrad.

RICHARD PATRICIO

... savour every mouthful,
And treasure every moment,
When the storms are raging 'round you
Stay right where you are.
Don't take it all to heart,
It's only fools, they made these rules.

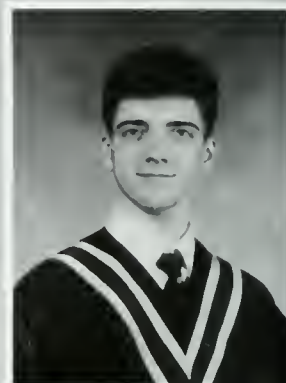

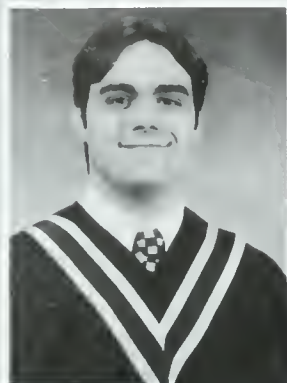

- F. Mercury

I learnt to play by these rules. My five years at S.M.C. are filled with pleasure and pain. I'll miss mornings in the car, the countdown and the shop.

ANDREW PAVACIC

I dreamed; I saw a crowd, stretching beyond my vision, walking down the surface of a wide river. From my place on the bank, I saw that they were all holding hands. Someone I know not whether man or woman, for the face was hidden from me, sat with me, and I asked why they did not sink. "How can they? They are holding each other up."

May God's blessing be with you all, you have enriched my life beyond measure.

JONATHAN PENCHARZ

"The moment may be temporary,
but the memory is forever."

- Bud Meyer

The times, the friends, the yellow bricks.

Five years of life at St. Mike's shall forever be part of me, shaping my opinions, my outlook and my faith. The memorable moments include: Fr. Foy '89, Mr. Kratz '89, Fr. McKinnon '91, '92, '93, Mr. McKernan, Geo spare, seminars/sermons, Martire mornings, Quebec '93, and Year-book days.

PAUL PERRUZZA

Going into Grade Nine a lot of people told me that high school flies by - that it did. It's hard to believe that my five years at S.M.C. are over. But then again all things must come to an end. Looking back I must say thanks for the good times; for the bad times - well, they didn't stop me. One thing I learned: don't give up. Just remember: "life's like a game of pool, sometimes you scratch."

MARIO PISTONE

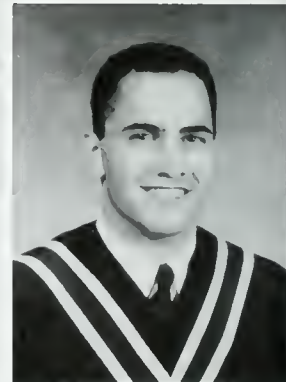

It has been a very short, yet memorable five years at S.M.C. filled with much change, lessons and growth. It has been such an outstanding period in my life that I am short for words to describe it. (end of formal mumbo-jumbo). If all else fails, lower your standards, I know I did.

PAUL RACCO

"I love the friends I've gathered on this raft. We've erected pyramids in honour of our escaping"

- Jim Morrison

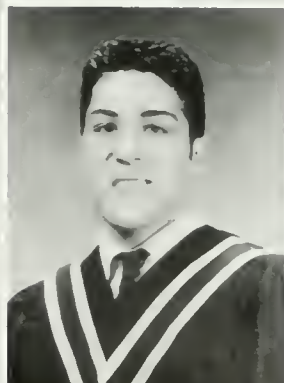

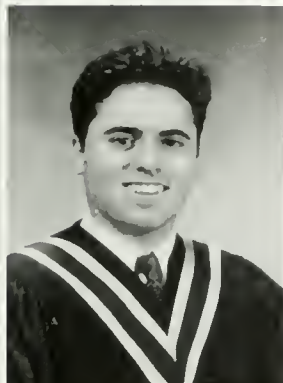

St. Mike's has over the years taught me: Ancilla delectat Caecilium Hand cream does wonders on callouses (Nick Lijoi) never underestimate the power of the wrist. (Paul Moscone) "Drop kick me, Jesus, through the goal posts of life." (Paul Craft, 1976 Black Sheet Music). If you can't join them, beat them. (Jason Cuirluini)

JASON RACCO

Well, my high school career is coming to an end. We came from all over the city five years ago and leave as one graduating class.

Ready to move forward,
Never to forget,
Honest and True,
You bet it's Double Blue.

**JOSEPH RAMANI**

Thanks guys, for the great memories. Ski days were the greatest, especially the Chinese Downhills. Long live Les Animals, the reigning Ball Hockey Champs. thanks for the football championships and the hockey memories.

**FRANCESCO RESIGNO**

"The great questions of the day will not be decided by speeches and resolutions, but by blood and iron."

- Bismark

My five years at St. Mike's have not only enriched my mind and soul but have taught me to stand up and trample those who want to destroy "La Casa".

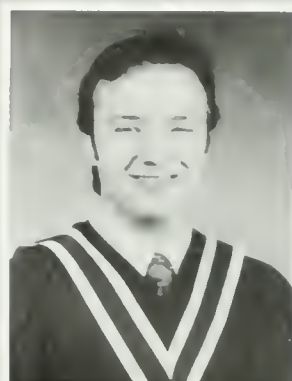

DON REYNOLDS

Sometimes a memory
Only sees what it wants to believe
And what's filled in between
Are days and nights that don't mean a thing

Bad luck, blue eyes, goodbye.

- The Black Crows.

So many memories: the plays, Quebec, the burnouts - it's been a great five years - too bad school had to get in the way. Keep the faith.

**ANDREW ROW**

What do I remember about S.M.C.? English: The lyf so short, the craft so long to lerne,
Th' assay so hard, so sharp the conquering . . .

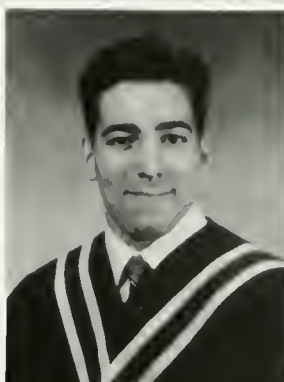

- Geoffrey Chaucer.

Mathematics: There is no royal road to geometry.
- Euclid.

French: Ils ne passeront pas.

- Marshal Petain

History: We learn from history that we learn nothing from history.
- G.B. Shaw

**ROBERT RUGGIERI**

"Setting my feet upon a rock
Planted my footsteps firm
Many will see, many will see and hear
I will sing, sing a new song."

- Psalms 40,2

From that first day in September 1988, am grateful to S.M.C. for moulding me into a responsible, mature young man (sure Buddy).

**MICHAEL RUSEK**

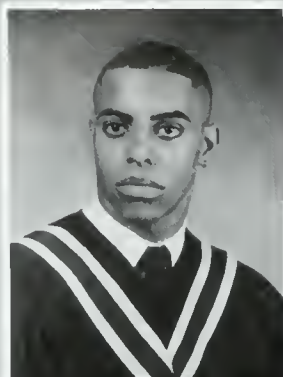

Well Grads, here we are a little older, a little wiser. I look back on five years of grub days, ski days Pep Band, debating, cross-country, elections, Child's Play, the passes the failures and all the good times
"Hurry up, please, it's time.

ROBERT RUSSO

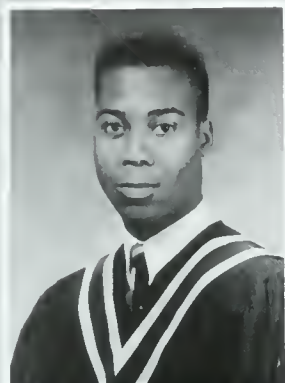

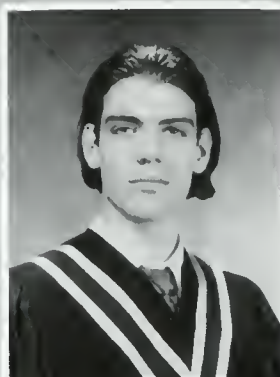

What has five years at S M C taught me? Hmmm? How to shave, do up my top button and empty my pockets in Father Zinger's class. One thing has to be known: Be a diamond in the middle of shattered glass. Peace, love and a lot of hope.

OTIS JASON SANTIAGO

NORBERT SCHEEL

MARC SEMPRIE

Every journey begins with a single step. These yellow bricks have shown me the way to sleepless nights, the importance of preparation and above all GOODNESS, DISCIPLINE AND KNOWLEDGE. This knowledge has helped us all to be one step ahead of "The Pack". BASKETBALL, CONCERT BAND, STAGE BAND D-MOIST, THE SAX LIVES . . .

NICOLAS J. SEVERINO

A brief grad message: If you want to be a BIG BOY, you have to learn the BIG BOYS' game; so stop being a HAM and putting all your EGGS in one basket. Think LARGE and you'll be LARGE.

STEPHEN SGRO

We always go the distance
Right up to the wall
good friends you can count on
"99" will never fall.
There's nothing halfway about it
It's always been our call.
There's nothing halfway about it
- Right up to what wall?
"NEVER play leapfrog with a unicorn"
- Carbo.

DAVID SHERIDAN

Well, I finally made it. Who knows how many more years of education to come? I must admit I was not the most active student at St. Mike's, however it was memorable. Times like going to Greece and Paris during March Break just don't get any better. I think I am best known for jeep accidents and having the highest car insurance ever.

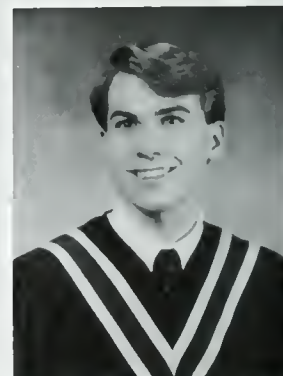

PHILLIP SHIN

"I shall pass through this world but once. If, therefore, there be any kindness I can show or any good thing I can do, let me do it now; Let me not defer it nor neglect it for I shall not pass this way again.
- Etienne de Grellet.
Boy, that's deep. Thanks for the memories S.M.C.

PAUL ANTHONY SHUPER

Time really does fly when you're having fun! Great memories I will remember forever: Cancun '93, Quebec '92, California '92, Mr. Narducci's JFK/Calculus Course, Fr. Enright's Grade Eleven English, cross-country meets, tennis tournaments and football games against Power. Just remember guys, "Life is short, play hard."

DOUG SINCLAIR

Remember the light at the end of the tunnel is just another train. Some of my memories include: Quebec '91/'92/'93, lifeguarding summers, the whales, council meetings, the Pep Rally to end all pep rallies. And all the plays and musicals. "Put back your head and sing Sing while you're still living."

- Cat Stevens

**KRESIMIR SMINTICH**

Knowing others is wisdom, knowing yourself is enlightenment.

- Lao-Tzu

Throughout five long years at St. Mike's I have come to know much more about others but more importantly, I have come to know more about myself. For this golden gift I would like to thank the dear friends who were there in the good times and the bad. Special thanks go to the staff who taught me goodness, discipline and knowledge.

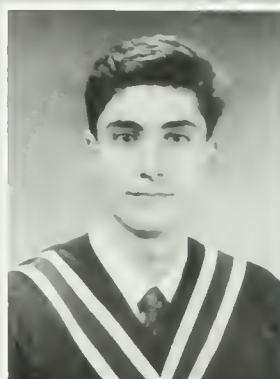

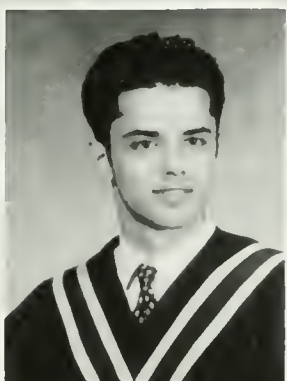

**MICHAL SOKOLSKI**

The St. Michael's experience has provided me with fond memories: The Mets Motel, Mr. McKernan's English The Patriot Score Board, Debating, Father Zinger, panic mode, I.S.U., Tony Mauti, and Tylenol 3 and caffeine don't mix. Before my final Curtain Call the Mouth would like to thank St. Mike's for all the great times I had in these hallowed halls. (Mike, who's the dead guy?)

NUCCIO SPADAFINA

It is finally over and the time has come to say good-bye. The five years have flown by, the memories will always remain. Some of these include: Mr. Tannis' Grade 10 Latin class, Father Zinger's 10B homeroom, Mr. Ribarich's Grade 12 Math, Mr. Narducci's Calculus class, Mr. McKernan's English class and the list goes on.

Thanks to all the teachers and staff and a special thanks to all my friends.

**LETTERIO SPANO****KEVIN ST. LOUIS**

St. Mike's gives new meaning to the two phrases: T.G.I.F. and I hate Mondays. I came to St. Mike's for one thing and that was football. In the two years I've been here I'm leaving with an excellent education (chuckle) and new friends.

Thanks coaches in bettering me as a person and as an athlete, especially Paul, Mike and Frank (yes, we're on first name basis).

**THOMAS SUBIC**

Although five years of stress, "cramming", "winging it" and many sleepless nights have all taken their toll, S.M.C. has taught me to endure. Some of the more memorable times: Fr. Enright's English, Mr. McKernan's ego bruising ("you're nothing, buddy") the near death experiences driving with Rich, Carbo, and those who just couldn't hack it, "where's Chisler? test today?" and what is a widget?

MARK TABOROWSKI

My time has come, fellow colleagues, I leave here with memories of hardships, difficulties and even more hardships. But within these yellow walls I leave the trademark of Tab Good luck to ye all who pass through the archway of St. Mike's into the abyss of never-ending homework assignments and essays. Thanks to the lunch crew for all their moral support and to the guys I went to Europe with on March Break '89.

ROBERT TANZOLA

Well boys, it's been a blast. 5 years have come and gone and now on to bigger and better things outside the yellow bricks.

I'll not forget the friends I have made here but hey, I'll see you all at the turkey roll (What's a turkey roll?) Anyway, I think my experiences are best summed up by the immortal words of Socrates: "I drank what?" See you on the other side.

**LESLIE TOMORY**

I remember many things about St. Mike's such as: Grade 9 English with Mr. Pignataro, 10B with Fr. Zinger, Grade 10 Latin with Mr. Tannis, Grade 11 elections, Grade 11 and OAC Chem with Mr. Tessaro, Mr. McKernan's English class, Calculus, and four years of Latin.

**MARTIN TONER**

While trying not to jeopardize my position at St. Mike's I . . . set the derivative to zero in Calculus, used the finger method in Algebra, learned the art of playdom at "the table", heard "the calling" and scored points in Quebec. Senior Hockey was fantastic. Peace to the SMC Nation.

MARIUSZ TWARDOWSKI

"We do not do things because they are easy, but because they are hard."

- John F. Kennedy

Unplug the television
Throw away your masks
Boldly Step Forward
And Experience Life.

"Heard melodies are sweet, but those unheard are sweeter."

- John Keats

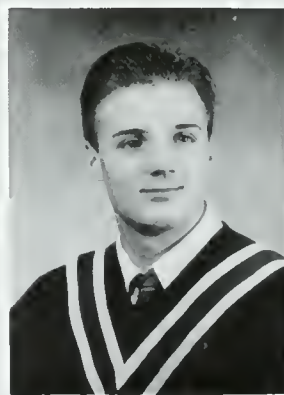

"Ode on a Grecian Urn"
Fond farewells to the shop.

**CHRIS TYNDORF**

My stay at St. Mike's was only two years, but in those years I have been shown how to set priorities, how to achieve goals, and how to be a gentleman, athlete, and scholar. Remember, "Life moves pretty fast and if you don't stop to take a look around once in a while, you could miss it."

- Ferris Buler

"To Die is Cast, Make the Most of it."

**PAUL VACCARI**

"We still do not know one thousandth of one percent of what nature has revealed to us"

- A. Einstein

Several things I've learned over the years:

- 1) Education will never become as expensive as ignorance.
- 2) Pain is temporary but pride is forever.
- 3) Everyone's ceiling is someone else's floor.

ROBERT VENTRESCA

The movie will begin in five minutes, the mindless voice announced. All those not seated will await the next show. We filed slowly, into the hall. The auditorium was vast and silent. As we were seated and were darkened, the voice continued. The program for this evening is not new. You've seen your birth, your life, and death, you might recall all the rest. Did you have a good world when you died, enough to base a movie on?

- Jim Morrison

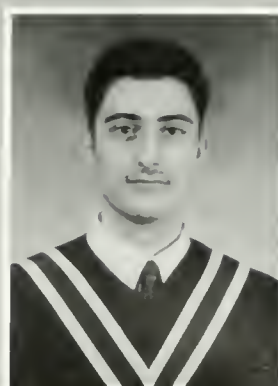

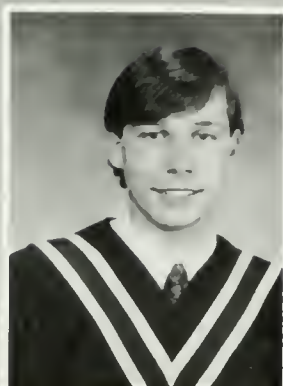

**DOMENIC VETRO**

What's up! What's up! It's all over. It's been a blast. We partied hard and went down hard. I remember green lockers, yellow walls, Cancun '93, Fr. McKinnon's seminar, "I don't cry about my English mark", and getting kicked out of the library for eternity. Maybe when it's all over, I'll come back and teach English with Mr. Trentadue.

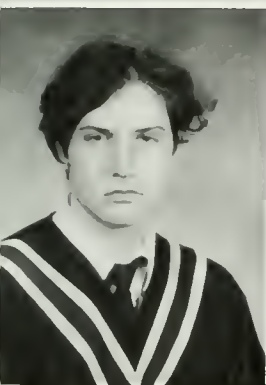

DARIUS VISKONTAS

My many memories of the last five years include: Gr. 9 windows with Doug, the lightbulb, snowball relays, Baltic bashes, 117, Chicago, Union Pier, L.A., skiing, and the camps. I'd also like to thank the 1992-1993 Student Government for their facilities. I await the day when I hear about one of us and can say, "Yeh, I went to school with that guy." I hope we achieve our future goals, and if not, the taxi business sounds promising.

**LUCIANO VOLPE**

During my five years, I remember: locker-room brawls, tennis court football, the stupid portable in the middle of the wall-ball diamond, basketball, soccer, softball, J.F.K. seminars, Mr. DiLeo's accent, drawing blood with Mr. Fenn's razors, not wearing my blazer. I've paid my dues, time after time; I've served my sentence, but committed no crime; And bad mistakes, I've made a few; But I've come through.

- Queen

**JOHN WALSH**

St. Mike's, hmm, ah yes! Animating sunshine, blissful warmth, red eyes and "perma" smiles, sweet tangible intoxicating scent of rejuvenated nature (after finals). I humbly thank you St. Mike's. As for now, "Welcome O life! I go to encounter for the millionth time, the reality of experience, and to forge in the smithy of my soul the uncreated conscience . . ."

- James Joyce

MARK WALSH

"I hid in the crowded wrath of the crowd, when they said 'sit down', I stood up . . . growing up."

- Bruce Springsteen

Here's to lunches at Joe's Plywoods, Friday afternoon at the lodge, Power failures, Fr. Enright's Gr. 11 English, Mr. Ribarich's group-therapy math spare, Monte's ski chalet, Muskoka bus trips, Mr. Narducci's calculus classes. Thank's for the memories.

**EDWIN WONG**

In my years at St. Mike's, I have learned lot more than the usual high school subjects. The things I will remember the most include: trying to decipher Mr. McKernan's new-age blackboard hieroglyphics, listening to Fr. Zinger's enlightening lectures on achieving sanctifying grace, taking Mr. Tessaro's lessons on relaxation techniques, Chess League Champions 1993, briscola, gameworld, and trying to find the apocryphal coffeshop. Goodbye to St. Mike's.

**GREGORY WORSNOP**

I'm been gambling here 'bouts for five good years, and if I told you about all that went down, it would probably burn off both your ears!

- The Dead

I know you Rider,
Gonna miss me when I'm gone

- The Dead

**ERIC YU**

More work! No sleep! No money! Good times! Bad times! Never liked green lockers! J.F.K. is dead! See ya SMC!

DANIEL ZOLDOS

Suffice to say, the last five years at St. Mike's have been an experience. I would like to thank all the boys; the fun and jokes we had made each day easier. I will miss ski-days, SMC Hockey (especially the Finn Drill and power plays), ball hockey tourneys, etc. Remember, always stick

to your guns!

"Everything is gonna be alright"

Bob Marley

ROBERT ZSIGO

My memories at St. Mike's include: not coming off the field in Gr. 11 football, not getting on in Gr. 12, wondering whether my physics was out of 10 or 100, Van Halen concerts, frisbee lunch hours, Mr. Quinn's legendary seatwork, smuggling cigars over the border for Fr. Enright, and many, many more. Thanks for the memories and take care guys. "It's not how hard you fall but how high you bounce!"

GRADUATION

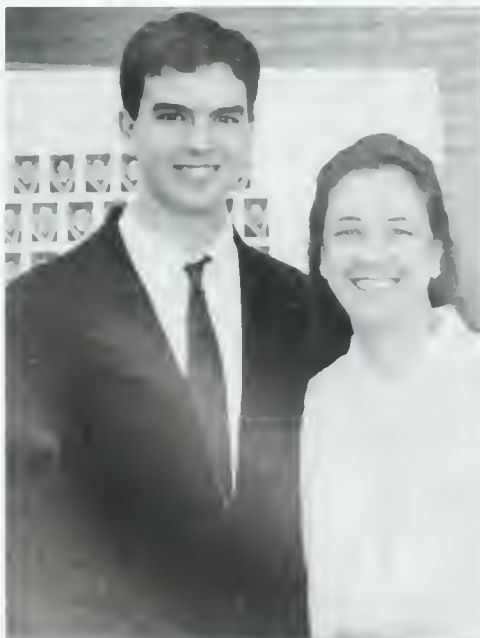

VALEDICTORY ADDRESS

By: Robert Tanzola

A little more than five years ago, a decision was made by almost every member of this year's graduating class. Whether it was a choice coaxed by parents or one truly desired by some of us, it was decided that we were to attend St. Michael's College School, a school with a clear commitment to excellence, a school with a long history of champions, and most importantly a school that would teach Christian values in life. The decision was made. The result of it is the graduates you see among you. For the class of 1993, this day is the culmination of all the hard work and effort of the past five years and as we gather as a class for the last time, I think it is clear to every one of us how important St. Michael's has been in shaping our minds, our skills, our goals, our decisions, and our lives. Today we gather to recognize the contributions that the graduating class had made to the St. Michael's community as well to thank those who have helped us reach the position in which we find ourselves.

Most of us entered St. Michael's in grade nine. As inexperienced boys fresh out of elementary school we had little or no knowledge of the tradition of which we were becoming part. We had heard rumours about the legendary St. Mike's but we had no first hand experience. However, as we finish our last year it is evident that the St. Michael's tradition is something special. Not only is it the tradition of champions in football, hockey, basketball, baseball, and track and field; not only is it a tradition of champions in debating, chess, reach for the top, and public speaking; not only is it a tradition of champions in the community with projects such as Out of the Cold, Meals on Wheels, and Meals on Foot, but it is a tradition of the complete education of the human person in all aspects of life. Excellence, be it academic, athletic, artistic, spiritual, goes hand in hand with St. Michael's, which founded by the Basilian Fathers over 140 years ago, is still going strong today.

The Basilians clear commitment to the catholic education of young men in Toronto is something for which we all must be thankful and something for which we owe a debt. I believe, that all the Basilians ask for as payment is that our actions reflect the education we have received at the school. This school offers a complete education where other schools come up short and the guidance and support of the Basilians have played a vital part in ensuring this. I am sure the Basilians will be remembered by us as we leave, not only for their support but in the everyday involvement with the student body: Father Mulcahy's archery announcements, Father Zinger's garden duty, Father Holmes' pocket vectors, to name a few.

I am also sure that all of us will never forget Father Murphy, who has decided to leave the St. Michael's community for a post in Indiana. Who can forget being called down to see him in front of the office just to receive a happy birthday handshake, or being tackled in the locker room after school. It is these Basilians that make the school so successful and they play the biggest part in the continuance of the St. Michael's tradition.

In our five years together we students have become accustomed to the same faces. We expect to see them daily. Today may be the last time we see each other. We came together from all over the city, some of us with others we knew, others without, but as we leave I honestly believe that we all go as friends. There has been the occasional spat over the years, but people are forgiven and grudges forgotten. The friends we have made at St. Mike's have been an important part of our growth. Some of us will remain in close contact, while others will go separate ways, but what is important is the way in which each person contributed our experience at St. Michael's. All of us here today offered something unique to the school. Everyone will remember John Cardella's hoickety choik at sporting events, Edwin Wong's chess team, Joe Lopresti's saunter, John Markez's plea for newspaper articles, Chris Dempsey's facts of the day, trying to tell apart Mike and Chris Fortier as well as a host of other memories, too numerous to fit in Shane Holten's distinctive van. It is on this day that the skills, hard work, and dedication to excellence of the graduating class are lauded. As friends we go our separate ways but as students of St. Michael's we have all shared a unique and important experience.

Today we say good-bye to the St. Michael's community, a tradition of which we will forever be a part. Next year most of us will be attending different schools around the province, around the continent, but we will have an education that has prepared us for what is to come in the future. The skills we have developed will be put to good use in today's world and will be tempered by the spiritual guidance we have received. We will leave the halls of St. Michael's as we have attended, with confidence, faith, and optimism. From ignorant grade niners, we have grown into young men whose future has been shaped by a tradition whose main tenet is "teach me goodness, discipline and knowledge." We have indeed been taught goodness, discipline and knowledge at St. Mike's and hopefully as we continue in life we will not forget what we have learned. Our parents, who we owe the biggest thanks for our education, should be proud. We leave with a winged M engraved on our hearts. We leave today as ambassadors of St. Mike's and Ambassadors of Christ.

moonlight

Tribute to the Grads of 1993

"There is a certain aspect, or feature, of our school life which we know is present, but which is hidden below the surface of everyday activity. It is basic to your life as students of Saint Michael's, and to the lives of the priests, scholastics, and laymen who teach here."

It is with these words that the principal, Fr. Sheedy, opened the 1962 Tower Yearbook. This aspect, although immaterial, undefinable, and irreplaceable, is very real. It is this aspect which has drawn the St. Michael's community together in the past and will continue to do so in the future.

From the thousands of times our students have walked up and down this pathway, two trips will remain ingrained in their memory forever - the first and the last. As young boys we walked up to this yellow building, perhaps with reservations, yet with one goal in mind. Our graduates, having completed this goal, will walk down this pathway for the last time, looking back in reflection, and then move into a different world that lies beyond the arches.

To our graduates, the spirit and experience of St. Michael's will be part of you forever, and undoubtedly you have been a part of it.

BLUES CHAMPIONS

This year's Senior Kerry Blues had all the critics betting against them. For a while they seemed to be right, the Kerry Blues finished the season with a 3-2 record. But no one took into account the Kerry Blue magic. With the "M" on their shoulders and burned into their hearts, and with the help of some inspirational speeches from the coaches, the Blues came through. They defeated O'Connor and Power both on enemy territory to capture the T.D.C.A.A. championship, making St. Mike's the first team to hold this title for three years straight.

BLUE HARRIERS 92/93 SEASON

The St. Michael's Cross Country team, the *Blue Harriers* had a very successful 1992-1993 season with many accomplishments that were well deserved.

In T.D.C.A.A., the Midget team was the silver medalist and the Junior as well as the Senior team were the champions.

In O.F.S.A.A., the Junior and Senior teams were silver medalists. The Blue Harriers have had numerous successes at O.F.S.A.A., medalling twenty-three times in the last twelve years. Way to go Blue Harriers!

Overall, the Blue Harriers had a very impressive year and were the *T.D.C.A.A. Champions* for the fourteenth consecutive year. The Blue Harriers were also the *top team* in Metro Toronto again for the fourteenth consecutive year and they were the *number one team* in Ontario for the third time in a row and for the eighth time in twelve years!

Congratulations on your great accomplishments Harriers and best of luck in the future!

Back Row: Mr. McKernan (Coach), Marc Devuono, Mike Sohn, Neal McCabe, Tim Anderson, Sean O'Halloran, Mike McNicholas, Mike Mahoney, Paul Fitzpatrick, Quinton Deklerk, Mike Carabine, Carl DeSouza, Jeff Bonnin, Mr. Barry (Coach), Mr. Bergin (Coach). *Middle Row:* Paul McConnon, Vince Conte, John LoFranco, Mac Fraser, Steve Moore, Derek Mauricette, Marc Moore, Anselm DeSouza, Marc Dilworth, Jason Ho, Mike Nugent, Rob Ruggieri, Mike Gleeson. *Front Row:* Paul Marcinkowski, Derek Holland, Paolo Frescura, Mike Marley, Bill Cody, Mike Rodriguez, Chris Fortier, Mike Fortier, Marlo Iozza, Mr. Monahan (Coach)

HOCKEY *at SMC*

CONTINUING THE TRADITION . . .

Ever since it's conception, the St. Michael's Hockey teams have been strong competitors, dominated the ice rink and has revolutionized the word "hockey". From the Baby Blues to the Junior Double Blues to the Senior Double Blues to the Buzzers, the St. Mike's tradition lives on.

The St. Michael's **Baby Blues** (made up of cuts from the Junior Double Blue Team) was the only team in the league to really test the league champions, our own Junior team! The Blues finished up in third place. In the finals for the East Division Championship, the Baby Blues held the Junior Double Blues to a miniscule 1.67 goals per game. This was no mere achievement because the Juniors had averaged 6 to 7 goals per game against the other competition. Such a success for the Baby Blues was a testimony to the commitment of all the players to TEAM DEFENCE.

The 1992-1993 edition of the **Junior Double Blues** finished the regular season undefeated going 16 & 0 and had an overall record of 35 wins and 3 losses. The TDCAA champions scored an amazing 249 goals with only 58 goals scored against them.

The Senior "A" **Double Blues** had an outstanding season this year. They finished in second place in a very competitive TDCAA Division. The Senior "A" Double Blues were finalists in the prestigious 48 team Father Goetz Tournament. The Senior "A" finished the year with 2 overtime losses to Henry Carr in the Championship series. The Senior

From their hands, the St. Michael's tradition is passed on to next year's upcoming hockey stars who will get the honour of keeping the St. Michael's Hockey Tradition alive.

"A" Double Blues are proud of their accomplishments.

The Senior "B" **Double Blues** team (with a record of 7 wins and 4 losses with only 3 ties) moved from 7th place in the first half of the season to a second place finish and then lost two close games in the semi-finals.

Finally, as one of the youngest teams in the league (with 15 rookies in the line up), there were many unanswered questions regarding this year's **St. Michael's Buzzers**. However, they came together as a team as the season wore on, and won the Fullan Division Championship in 4 straight games against Muskoka before losing to the Wexford Raiders in the League Championship. It was the Buzzers best finish since they returned to the Metro League three years ago.

A testimony to the success of the team this year are the six scholarships to Division I schools:

Patrick Bellmore - University of Notre Dame
Claridio Peca - Merrimack College
Ashlin Halfnight - Harvard University
Craig Reckin - Union College
Andrew Will - Union College
John Jakopin - Merrimack College

Overall, the St. Michael's Hockey teams had an impressive year and carried on the St. Michael's team spirit wherever they went. From their hands, the St. Michael's tradition is passed on to next year's upcoming hockey stars who will get the honour of keeping the St. Michael's hockey tradition alive.

This year's edition of the Senior Blue Raiders was extremely successful (36 wins and 11 losses) in both league play (15-0) and tournaments (two gold, two silver and one bronze out of seven tournaments entered). A twenty point victory (67-47) over Mother Teresa Titans capped an undefeated season and gave the Blue Raiders another TDCAA championship title.

Unfortunately, some strange seeding and suspect officiating paved the way for a quick exit from OFSAA competition in Hamilton.

Major contributors and graduating players include Otis Santiago on his way to Kent State University on a football scholarship, and the team's leading rebounder at 9.4 per game; Pat Gleeson our team captain and floor leader; Brian Heaney, 21 ppg, one of the best shooters in Toronto in years; Fernando Chien, a defensive demon who moves laterally like a hot knife through butter; and a five-year Blue Raider, Clint 'the Mint' McDonald who left defenders in his wake with nothing but a cool breeze as a memory.

A supporting cast that included three grade 11's, Mike Gleeson, Gamal Smith and Mike Zavershnik bodes well for the Blue Raiders' future.

Yearbook (*yir'book'*) *n.* 1. A book published annually, presenting information about the previous year. 2. A high school or college annual recording esp. senior class activities.

Ask any one of our students and they will certainly tell you this is far from a complete definition. Although this may be good enough and practical for a dictionary, it in no way encompasses the Tower experience. Yes true, we do present information like who played on what team, which staff members were teaching that year, and annual recordings like Academic Awards, Graduation, and Athletic Awards. Yet, this is not the sole purpose of a yearbook. No one ever picks up a yearbook simply to absorb and retain facts of the past. There is something deeper to the action.

The first day when the yearbooks are handed out at school it is interesting to see how everyone zealously flips through the pages, pointing at pictures, laughing, smiling, telling jokes, recalling and reflecting. There is a sort of excitement and magic in the air. The simple presentation of factual information and recordings are incapable of having such an effect. These 144 pages must have something else in them to evoke such feelings.

Beyond the team photos, the names, the dates, the places, there is something else in this book. It is not to be found on one solitary page. And it is greater than the sum total of each name and picture. This book is about community - the St. Michael's community. Our community is more than just a group of people functioning together in one place. Friendships, goals, dreams, aspirations, purposes, times of happiness and sadness, times of joy and grief, battles, our victories and defeats, our efforts and achievements are all included (and the list goes on) in the word community. The Tower portrays our St. Michael's community using pictures in combination with writing and artwork. This book

will be especially meaningful to our grads who have ended a certain aspect of their life here at St. Michael's. This may well be the last yearbook they will ever receive!

For this reason, the entire Tower staff has put a special effort this year to make this one of our best books ever. One of our goals this year, besides meeting our deadlines on time, was to give the Tower a "facelift" with new ideas, designs and layouts to make the year 1992-1993 especially memorable. The journey of the Tower begins right off in September and continues all year long, even after exams (during June). Although the pages look very simple, many long hours and manpower were required. Skills in art and layout, writing and editing, computers, organization and above all, photography were required. Such an undertaking is, however, impossible without the help, dedication, and commitment of others. I would like to take this opportunity to say thank you to those who help made this edition of the Tower for us.

Fr. Cullen, our moderator, is deserving of much thanks. Along with his teaching schedule and other daily responsibilities as a staff member, Fr. Cullen would put in several hours of work after school with us all year long and even into the summer. This is a difficult and challenging task in itself. Fr. Cullen's work and advice in the areas of art and photography was invaluable. His moral support and words of encouragement when times were rough made all the difference to us. Fr. Cullen's work is sincerely appreciated by the Tower staff, as well as by the entire school for his many years of service to the Tower.

Second, I would like to thank and congratulate the entire yearbook staff; Michael Lee-Poy for all his assistance especially during our "summer crunch", Norman "The Invisible Man" Freeman and Shane "Darkroom" Riley for all their support and on all those hot days, locked up

in the Darkroom getting high on Dektol, and our computer hacker Dilipo (The "O" is silent) Andrade. I would like to thank Mrs. Pignetti for all her artistic advice and for letting us use her "Lettraset" throughout the year. Special thanks to Fr. Zinger and Fr. Enright for providing photo coverage of school events and for designing layout material, and to Mr. Ian Thompson and the Photo Club for letting us borrow slides when we were tight on photos. I would like to thank the secretaries Cathy DiNunzio, Mary Jane Irving, and Erica McKerall for their help and patience with us, especially with making photocopies. Finally, I would like to thank Mr. Prendergast and the various coaches for helping us with the sport write-ups.

On behalf of Fr. Cullen, Michael Lee-Poy, myself, and the rest of the Tower Staff, it is our sincere hope that this edition of the Tower will hold and treasure the memories of 1992-1993 for you.

The Presidential Address

The past year has been filled with great accomplishments and tremendous memories. We the government did our utmost to ensure that we effectively represented your interests and provided you with an enjoyable year. From bungee-jumping niners, to dances and barbeques, to the benchpressing competition - it is our sincere wish that you had fun at all our organized events and had enough dress-down days to last a couple of school years.

Being a member of the Student Council is an honour and we all thank you for giving us the opportunity to serve the school, that has served us for so long. We wish the best of luck to our predecessors and we hope that their memories are as rich as the ones we hold.

The debate is a contest of minds, fought with logical thinking, careful research, and oratorical talent. In numerous forms and places, the debate draws forth those gifted with the power of persuasion, to compete for the prestige of their schools and for their own satisfaction. An so very often, when the verbal and intellectual battles end, St. Michael's College School stands victorious.

S.M.C.S. has had a long and illustrious tradition in these contests of mind and voice. In all styles of debate, whether pro-con, parliamentary or model U.N., everyone involved has come to know and respect the excellence of St. Michael's debating.

This year, the S.M.C.S. Debating Society has expanded its golden horizons. For the first time, the school is sending speakers to compete in the prestigious Fulford League, in which Private schools from across southern Ontario engage in parliamentary debates. Also for the first time, St. Michael's debaters will be travelling to New York City to participate in the National High school Model United Nations. Soon, the voices of the S.M.C.S. Debating Society will ring out in competition with the best speakers from across the United States.

Thus, the legacy continues and increases, limited only by funds, and by the time restraints of the school year. With the guidance of Mr. Michael Quinn, the present staff moderator, the support of Sr. Frances McKenna and Mrs. Sheila Morra, and the talent of St. Michael's students, the future of the S.M.C.S. Debating Society is sure to be a rich one.

ST. MICHAELS BIDS A FOND FAREWELL TO FATHER JOHN MURPHY

St. Michael's suffered a great loss when, as this present year ended, it was announced that Father John Murphy (our school Chaplain) had been transferred to serve in another Basilian School.

Father Murphy himself commented that he had been with us for ten years which was well over his initial commitment of six years.

As we know, a change is always good for one although in this case it is we who will suffer. We wish Father Murphy continued and even greater success in his new appointment to Andean High School in Indiana.

It is with regret that we see him depart but there remain with us the memories of his stay. We recall his inspiring messages to us as we began each day, giving us a theme, something to focus on. We recall his daily presence among us as he encouraged us and urged us on in our daily tasks. Father Murphy was a real presence to every student. He made it his job to know each student by name and if on a rare occasion he was at a loss, it became his immediate task to remedy the matter. It was on a one-to-one basis that Father Murphy enjoyed doing his work which hinged on directness, frankness and a consideration of the worth of each individual.

We recall the many occasions when Father Murphy arranged to have our school Masses and Penitential Services and how careful he was

to make each of these meaningful in our lives.

We recall Father's solicitude for the poor when along with Sister Susan Moran and the students of St. Michael's, he established "Out of the Cold" refuge for the homeless of this city. Father Murphy was committed to charity to the poor and was able to pass this on to the students by their service to the "Meals on Wheels" program and the Good Shepherd Refuge.

We recall Father Murphy's care for the needy in his many food, clothing and money drives at Thanksgiving, Christmas and at Lent.

Father Murphy was given public recognition by the Meals on Wheels Organization because of his program with his St. Michael's students. He has been acclaimed by his colleagues and commended by his Superiors for work well done. For all of this, Father John Murphy, in his modest unassuming way would shrug these off but would take to his heart and treasure always the knowledge that he had helped someone to come closer to God.

To Father Murphy, St. Michael's College School bids a fond farewell.

NEW VISTAS FOR MR. E. TANNIS

Mr. Evans Tannis joined the St. Michael's staff over 27 years ago, and over the years has become one of the most popular and esteemed teachers in the school. It can be said of Mr. Evans Tannis that "he came to teach". His dedication to his profession and his devotion to the students and their needs has been truly outstanding.

This year, Mr. Tannis begins a new program of teaching which will allow him to retire somewhat while still allowing him to keep his hand in the affairs of the school.

During his time at St. Michael's, Mr. Tannis has been a teacher, a coach and a confidant to a generation of St. Michael's students. Students have seen him in the classroom as a teacher, on the field as a coach and as a referee - indeed his own athletic skills have enabled him to be a valued coach and an esteemed role model.

On this occasion of 1993, Mr. Tannis re-focuses his talent and his life as we send him our prayers and good wishes on the new path he is following. We pray that ahead of him are new and greater vistas in life, and continued opportunity to extend to the youth of St. Michael's and Toronto the benefits of his experience, vision and charity.

St Michael's House League Hockey allows our potential NHL'ers to display their talent in a well organized way under the direction of Mr. Fifield. The Tournament of Canadians, Black Hawks, Maple Leafs and Bruins played under the bright lights and glittering ice surface of our Arena.

The SMC Black Hawks were victorious but everyone shared in the exhilaration of a well organized and healthy sporting event.

ty fights tide of homeless

TORONTO STAR
You may have seen him panhandling at the corner of Bloor and Bathurst Sts. or huddled in an instant banking booth at 2 in the morning.

Another piece of driftwood from the recession, Mark Coughlin arrived here about six weeks ago, having hitchhiked from Vancouver in bitter winter weather to look for work. There was no job, and Coughlin, 19, said he has no money, no relatives in the city.

The six-day trek across a return trip Prairies in snow and a return trip him, he said, he was even though he feels "ashamed and embarrassed," the wide-eyed, baby-faced teen will beg for food and a place to sleep.

On a recent night, Coughlin found himself out of the cold — in more than one way. Out of the Cold is the name of a program, now in its sixth year, that caters to those who would choose a stairwell over a hostel.

It provides homeless people hot meals and warm places to sleep in church basements across the city.

The Out of the Cold program has grown quickly and along with it, other key services for the homeless have received a fund.

boost from the City of Toronto this winter. But they're still far from meeting the demand.

"The numbers have doubled and more demand. The numbers have doubled and more demand. The numbers have doubled and more demand."

Susan Moran, founder of the Out of the Cold program

"Homelessness is 'creeping up into working class,' said Bob Yama, manager of community housing services for the City of Toronto. 'It's a street issue anymore, it's coming from a new urban area.'"

Rick Zerr, a program manager at Queen St. drop in center, describes the homeless as "a growing problem."

A black and white photograph of a church building in winter. The church has a light-colored facade and several multi-paned windows. Bare trees are in the foreground, and the ground is covered in snow. A dark sign with white text is in the lower right, and a brick wall is in the lower foreground.

ST. MICHAEL'S
1515 BATHURST ST

A black and white photograph of a school building. The building is a multi-story structure with a light-colored facade and several windows. Some windows have dark shutters. Bare tree branches are visible in the upper left and right corners. In the foreground, a dark rectangular sign is mounted on a post. The sign has white text that reads "COLLEGE SCHOOL" on the top line, "EET" on the bottom left, and "FOUNDED 1852" on the bottom right. Below the sign is a low brick wall, and the ground in the foreground is covered in snow.
